SUPERINTENDENT

Traditionally, it has been the role of the Superintendent of Schools to inform graduating seniors of the threats and challenges before them.

Essentially, this duty has been based upon a notion that School is divorced from the mainstream of current life in America. No longer is this true.

The schools of our system are vital parts of contemporary society and the Radnor High School graduating class of 1967 through its fine work not only in the classroom but also in our community has evidenced the awareness, intelligence and courage necessary to cope with the extremely complex problem of a modern society.

Graduation from high school is not an ending, "but is perhaps the end of the beginning." Therefore, it is with a great deal of optimism that I look to the future achievements of the members of the Class of 1967. Truly, your beginning contributions have been outstanding.

For this, we all owe a deep debt of gratitude to your parents and teachers who have helped guide you through your crucial formative years.

For these people, the members of the Board of School Directors and myself, I want to wish you success in all your future endeavors.

Dr. T. Edward Rutter
Superintendent

PRINCIPAL

As the Class of 1967 graduates from Radnor High School, the faculty and I hope that the past three years have been fruitful, rewarding, and happy ones for each member of your group. The joy of graduation should bring you a satisfying sense of self-realization and self-appreciation. During the years spent at Radnor most of you learned to understand your strengths and to cope with your limitations. You developed broad intellectual interests, a love of reading, and appreciation of the fine arts. Your outstanding contributions to music, literary, athletic and other extra-curricular activities developed enjoyable hobbies and interests that will enable you to enjoy leisure and to have a rich life. This participation also helped you to become leaders and to acquire valuable skill in getting along with others.

In your academic courses and in other aspects of the school program you also began to develop an understanding of our society and the problems which face us and the world. Because of your concern for others, many contributed valuable service to hospitals and other civic agencies. This is only the beginning of important contributions that you can make to your community. After you leave Radnor, I hope that you will continue to develop wholesome interests, a set of sound moral values, and personal integrity. The staff and I have many fond memories of your past achievements and wish you great success and happiness in your future undertakings.

ENGLISH

English, inevitable during our three-year stay, became a definite challenge for us as we approached;

Adventures in Literature **. . . tedious weekly themes . . . the purple beaches of Tressler . . . our heroes of the American short story . . . the citizens of "Our Town" . . . travels with Chaucer . . . those "star-crossed lovers" . . . Macbeth's debut at the Suburban . . . "Practical (?) English" . . .** ***Vocabulary for College*** **. . . the great invasion of Connecticut by Radnorites . . . an ineffable relief upon the completion of a thesis . . . ibid . . . Richard Burton on records . . . introduction to Russian authors . . . anonymous comments on themes . . . We have, therefore, come to realize that "Reading maketh a full man, conference a ready man, and writing an exact man."**

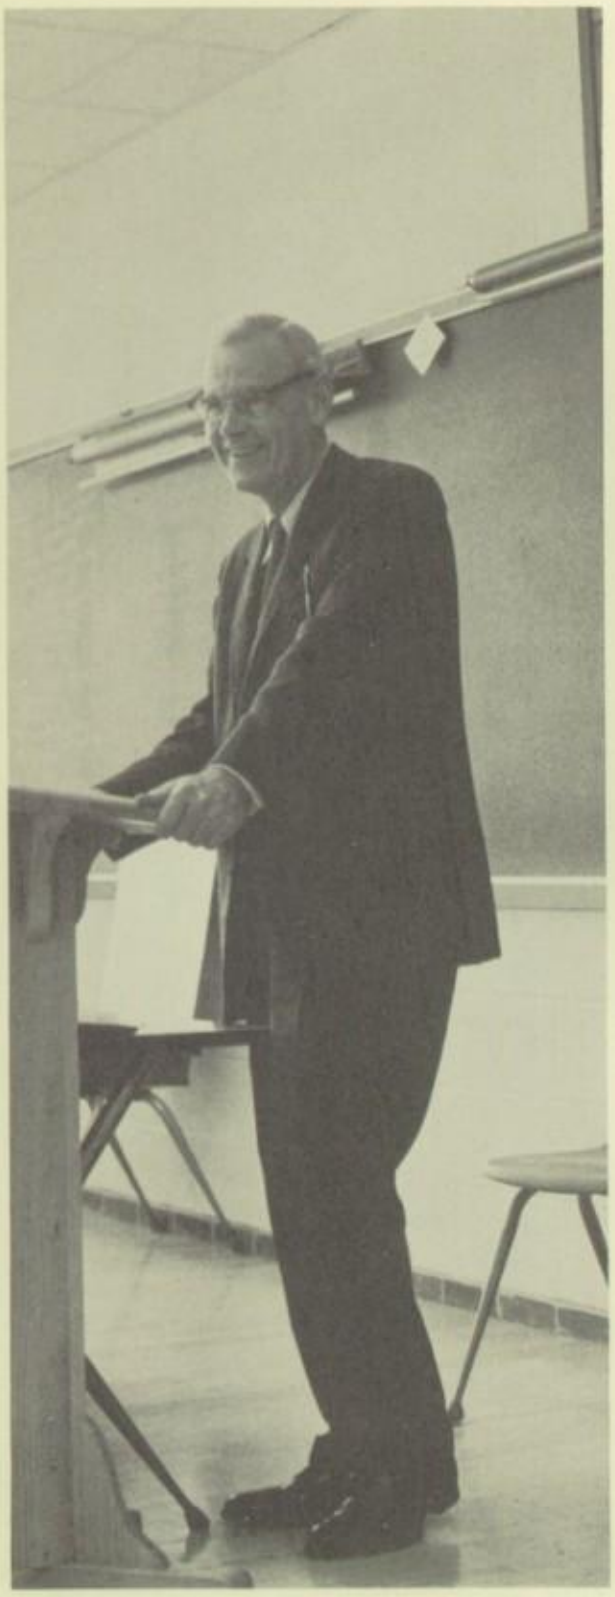
Miss Olson
"No no's about it."

Mrs. McCleary
"Whan that Aprille with his shourës sootë . . . "

Miss Ferdinand
"Class, you mean you don't know that delightful story?"

Mrs. Robinson
"Oh ♪ ♪ "

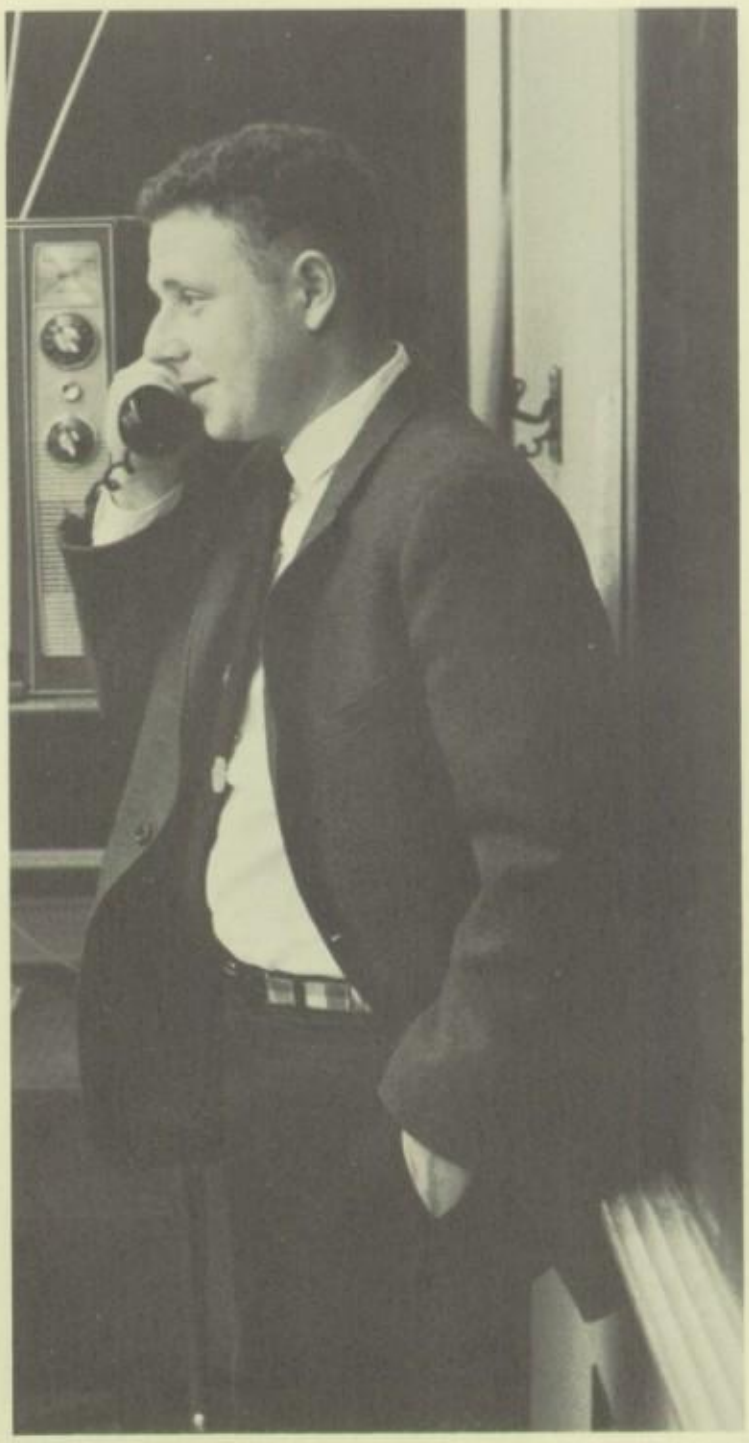
Mrs. Gibbons
"Every minute you waste in class, you'll make up after school."



Mr. Hendren
"This class is not good about coming to order."

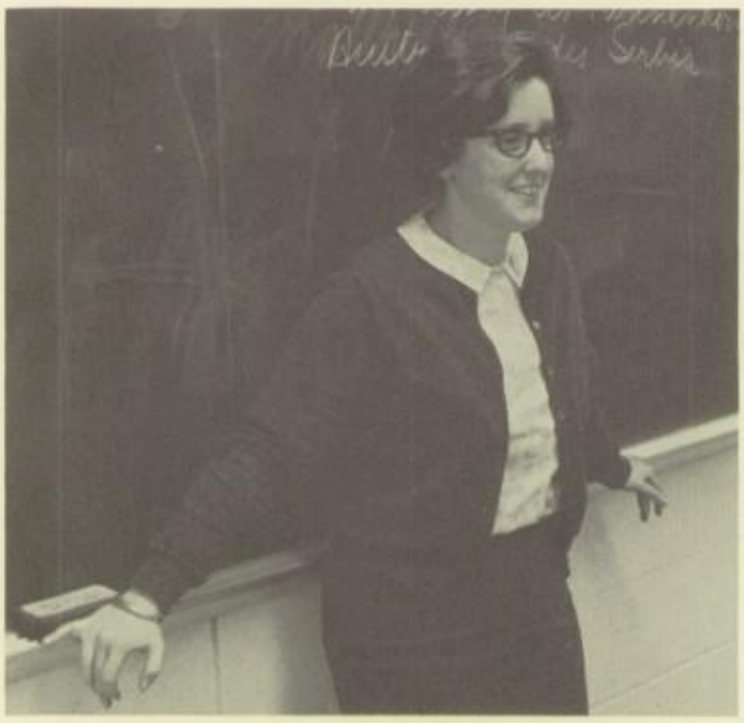
Mr. Siemons
"One more thing . . . "

Mr. McCone
"Now, you can wait till the bell rings."



Mr. Balk
"So he picked up the telephone, but they didn't have telephones in those days . . . "

Mr. Forrest
"Let's give our mouths a furlough."



Mrs. Sherman
"The rich get richer and the poor have children."

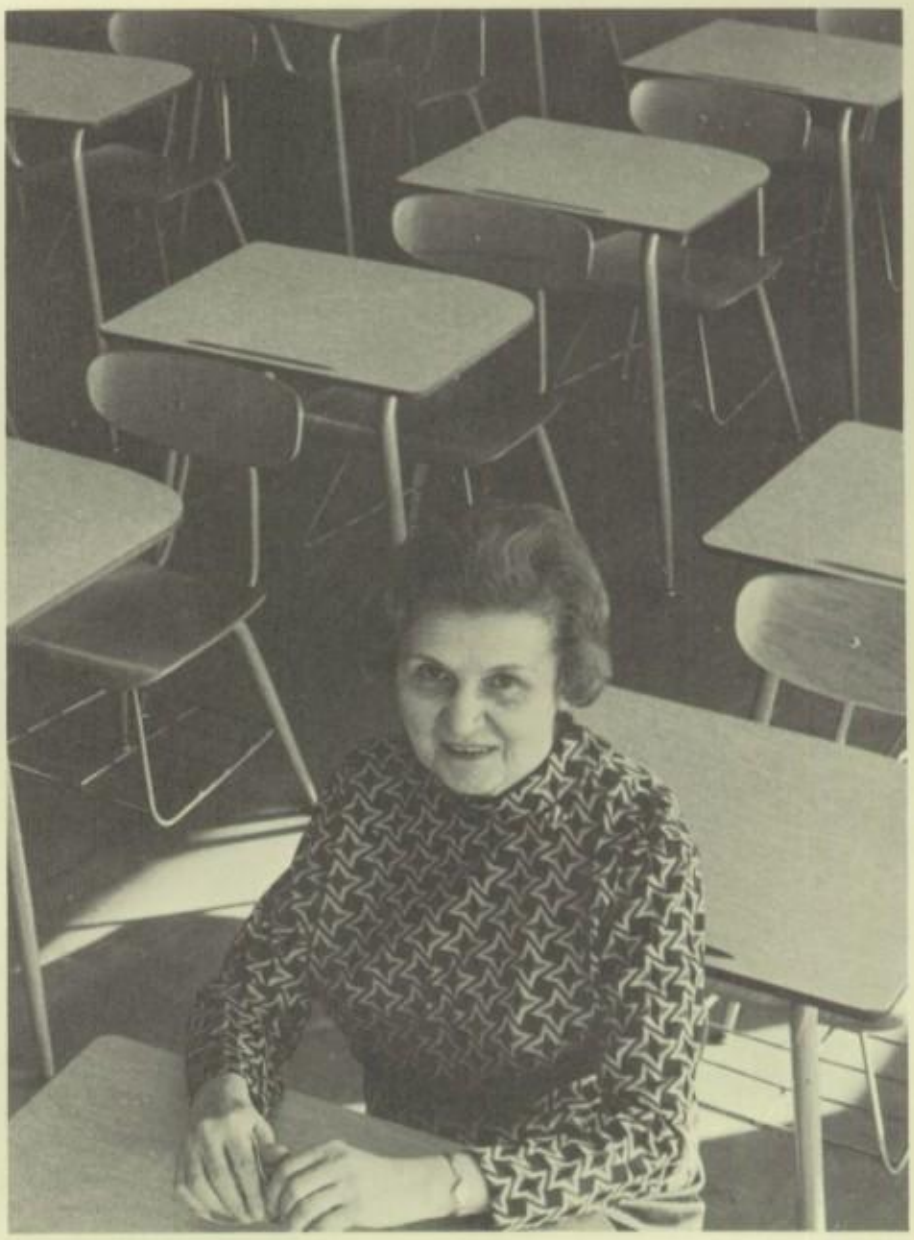
HISTORY

Our study of social science, based upon man's past accomplishments and future trends, leaves us with these memories:

The hardships of Joe Peasant in the rice fields of China . . . discovering the location of Viet Nam . . . the major role of baseball in world civilization . . . innumerable research papers . . . "hairy" subjects . . . learning how to answer essay questions . . . becoming aware of the metropolis of Upper Darby . . . "Senior Scholastics" . . . projector tests . . . Mr. Teel passing out yellow paper . . . memorizing elections . . . "American Heritage" . . . unbelievable matching tests . . . supplements . . . the production of glass containers . . . piercing blue eyes . . . "a lot of tripe" . . . oral reports . . . *Elmstown's Youth* waiting on the table . . . field trips . . . Tuesday and Thursday in the conference rooms . . . being lost in the shuffle . . . arguing . . . Darwin . . . Italy . . . reading . . . reading . . . and reading. Yet after all this, "what is history but a fable agreed upon?"

Miss Kemman
"What I need is a wheelbarrow."

Miss Van Urk
"Ruhe, bitte!"



Miss Serocca
"Preparez un bon leçon."

Mrs. Klein
"Dormez-vous, monsieur?"

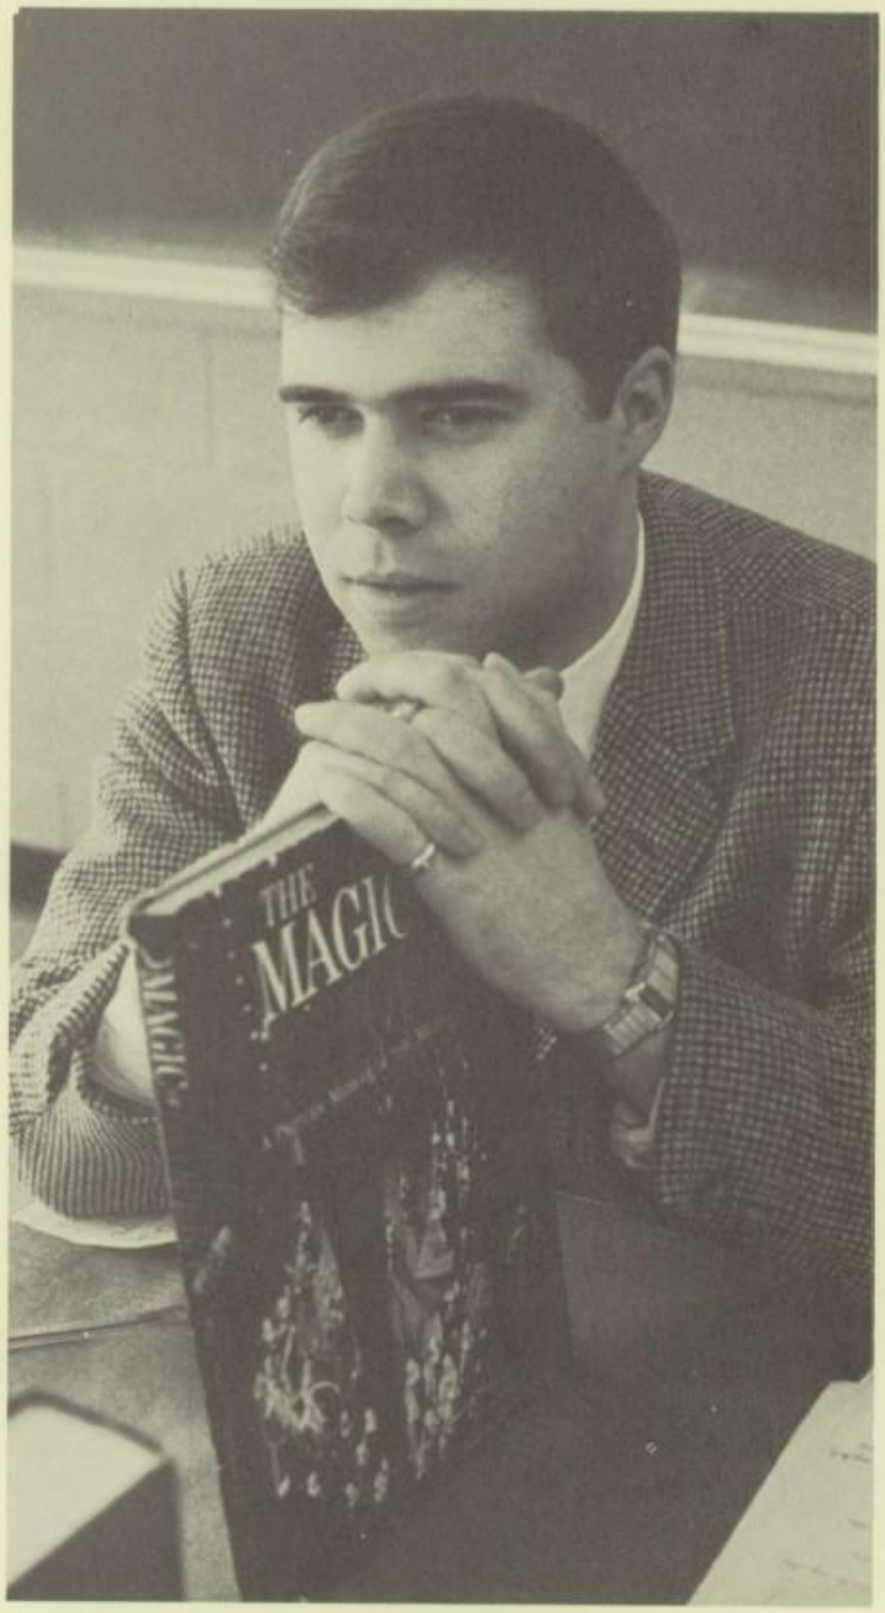
LANGUAGE

Languages added a kind of atmosphere to our course of studies. Despite the familiarity of the desks and blackboards of a Radnor classroom, we felt somehow removed from America as we undertook:

Mrs. Pusey and her mille choses a faire . . . *Le Petit Prince* . . . "donc" . . . le homework et le test . . . *La Symphonie Pastorale* . . . Mrs. Menocal, smiling as she fails you . . . our continuing friendship with Jaoquin, Raul, and Rosita . . . talking to a tape recorder . . . copying the book . . . Mrs. Higgins' sight translations . . . Caesar and the blue Britons . . . Cicero . . . Cataline's conspiracy . . . Virgil and the sufferings of the Trojans . . . Publius Ovidius Naso . . . das kleines Buch . . . Miss VanUrk's German nouns: long, compound and capitalized . . . gutteral "r's" . . . wo ist das Worterbuch?

Somehow, through the lack of English and the labyrinth of "Bien sur!", "Caramba," "Omnia Galla est divisa in tres partes.", "Wie, bitte?", we came to know that "languages are the pedigrees of nations."

Mrs. Menocal
" Hay caramba!"

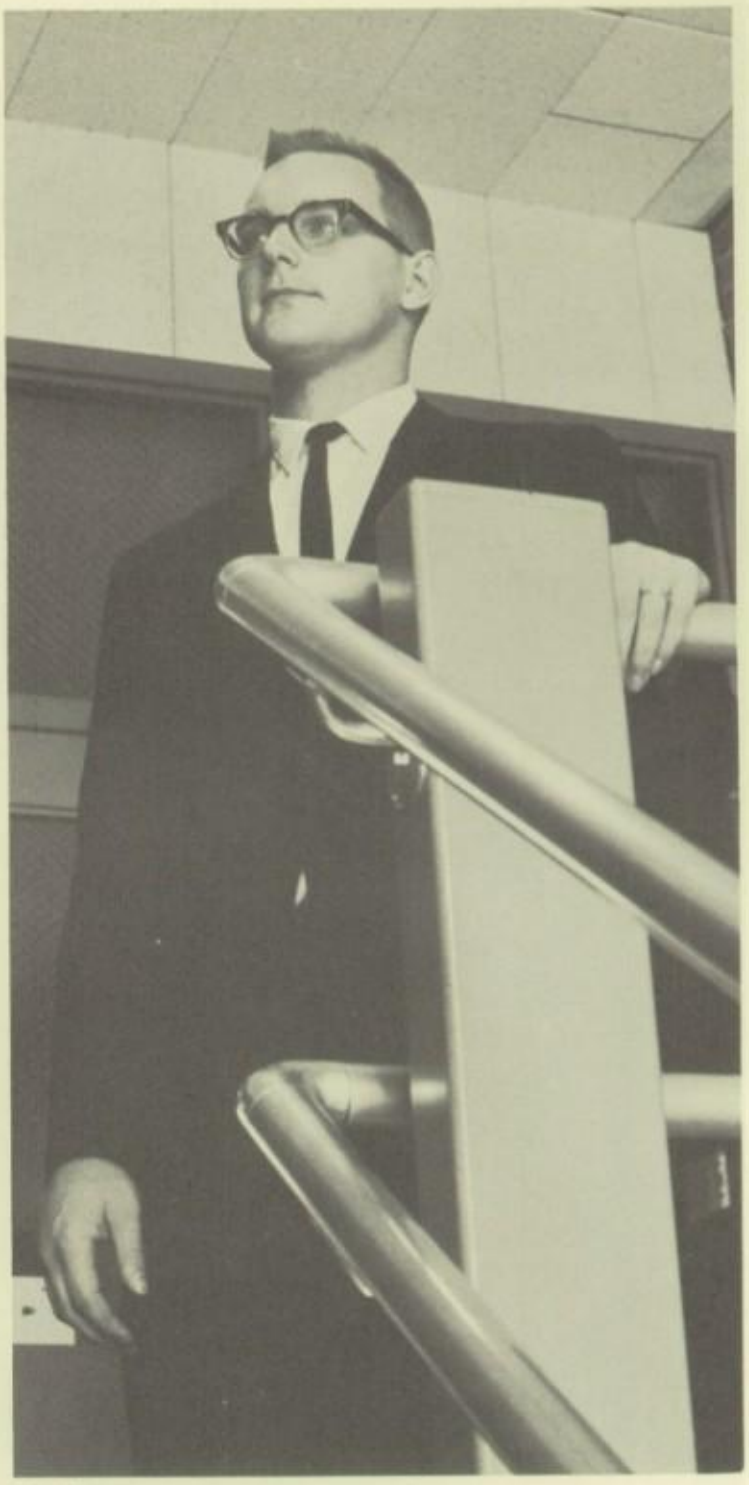


Mr. Sackett
"Who has a study hall first period *or* is interested in joining the Opera Club?"

Mrs. Higgins
"Back to the unabridged."

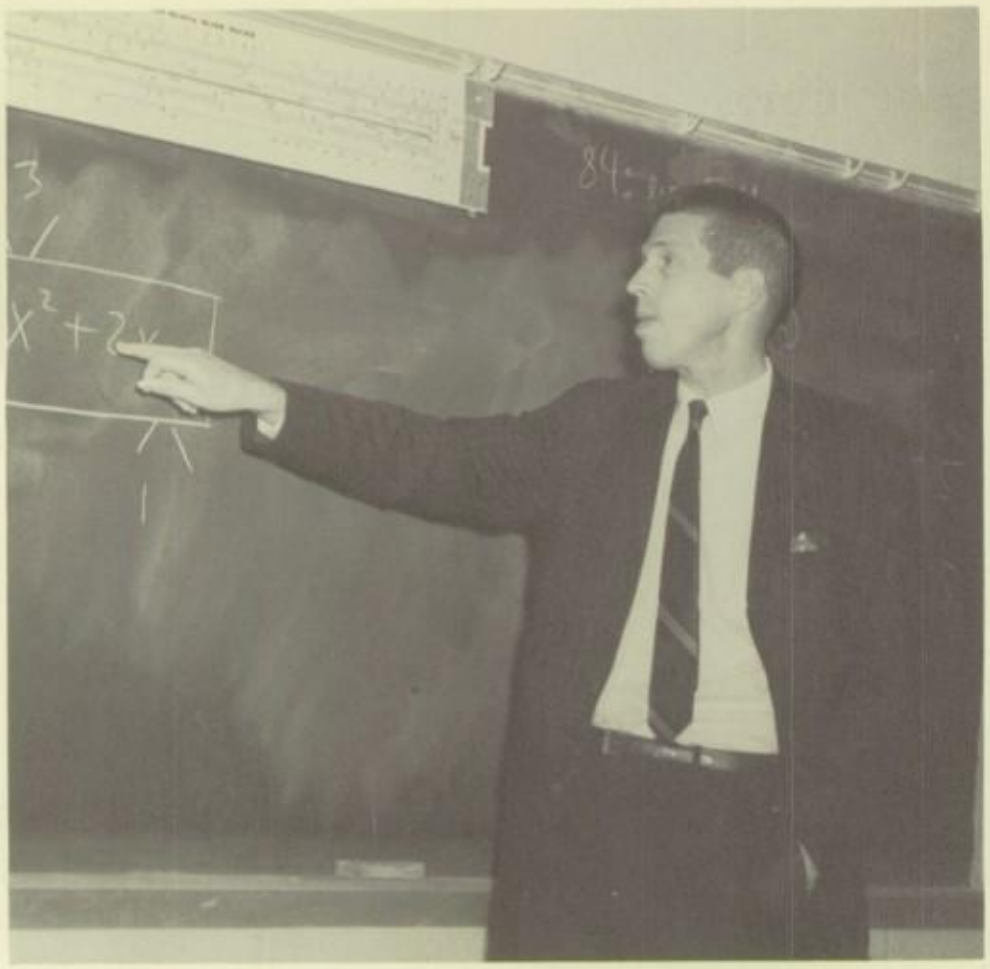
Mrs. Yoder
"Let's get quiet, people."

Miss Piersol
"Add three plus who?"



Mr. Court
"I haven't lost my temper yet, but when I do . . . "

Miss Rogers
"Any questions? All right, then, clear your desks."



Mr. Roger Miller
"Let's make an inductive leap."

Mr. Taddei
"My nun taught us that back in grade five."

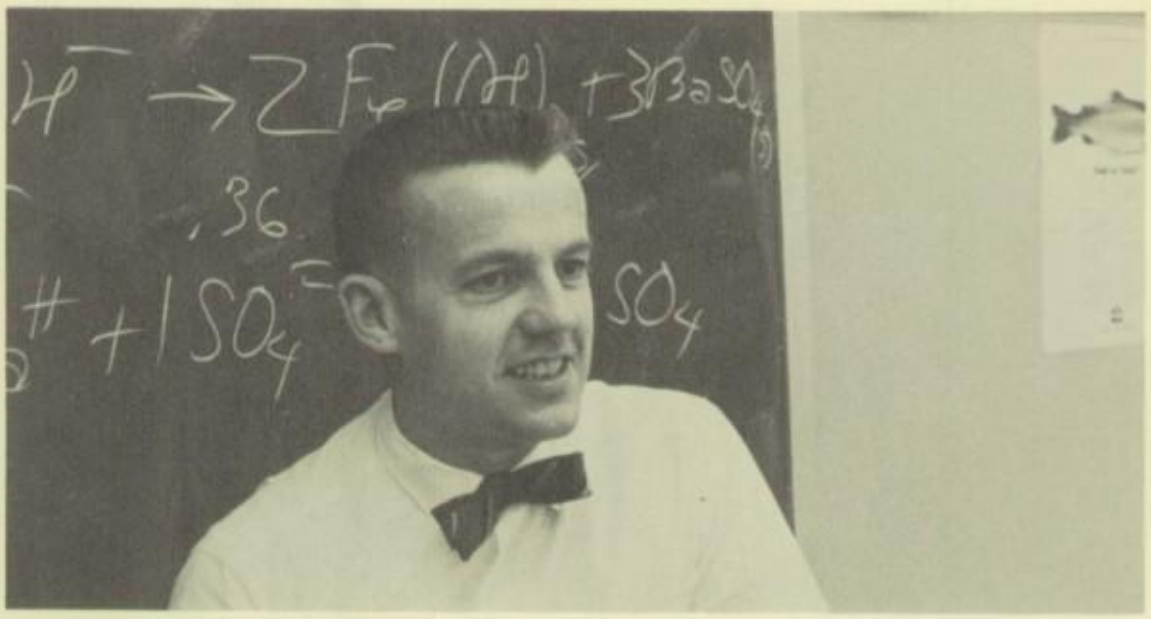
MATHEMATICS

From a collage of protractors, straight edges, slide rules, and function machines, we emerge with these memories:

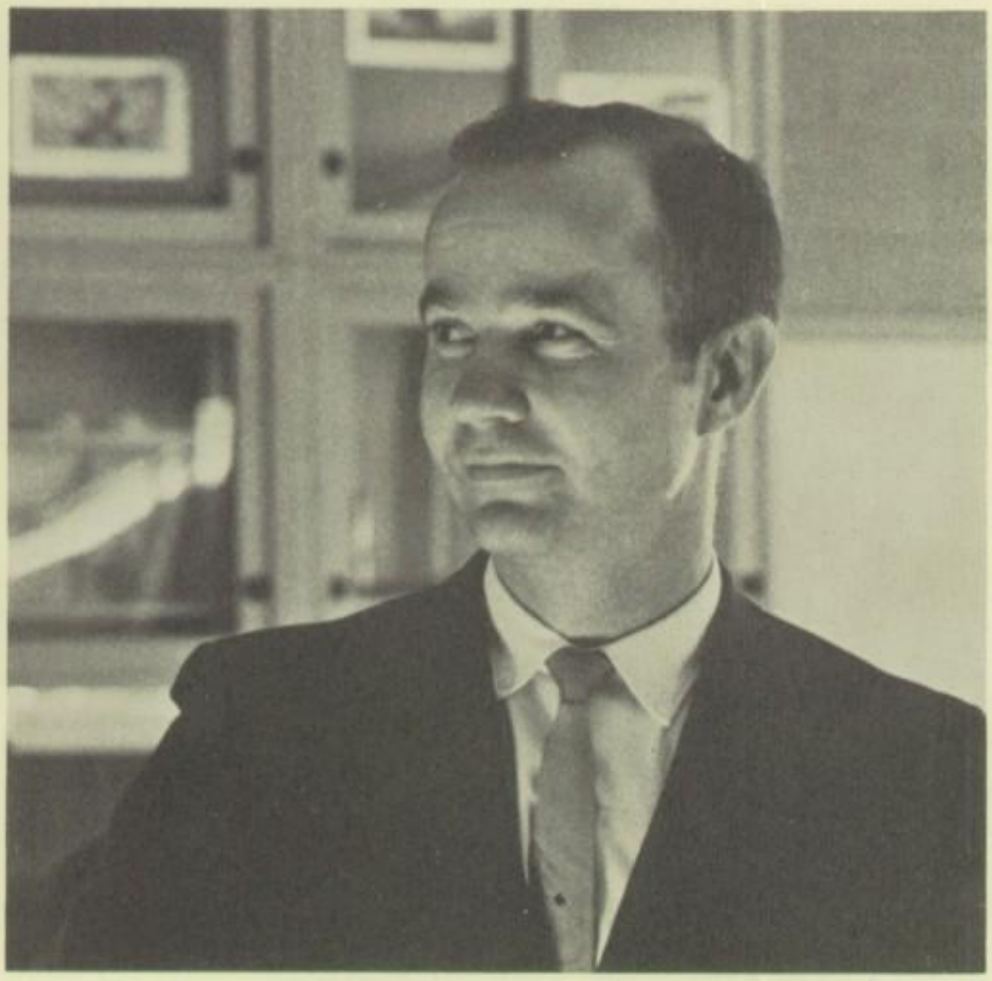
Proving the impossible proof . . . angle, side, angle . . . 317 theorems and corollaries . . . rotating seat arrangement . . . pre-class compass duels . . . "Donald Duck in Mathmagicland" . . . attempts at four-dimensional posters . . . those unexpected quizzes . . . $y=mx+b$ . . . unimaginable word problems . . . the tragic lives of A, B, and C . . . the unfoilable FOIL system . . . multiplicative inverse . . . "Let's make an inductive leap" . . . θ . . . Pythagoris . . . tedious interpolations . . . those six forgettable functions . . . delta X . . . proving $3=4$ . . . calculating the mass of the chalk on Mr. Taddei's pants . . . ϵ . . . "Angling may be said to be so like the mathematics that it can never be fully learned."

Mr. Saddic
"Just try to tell them that."

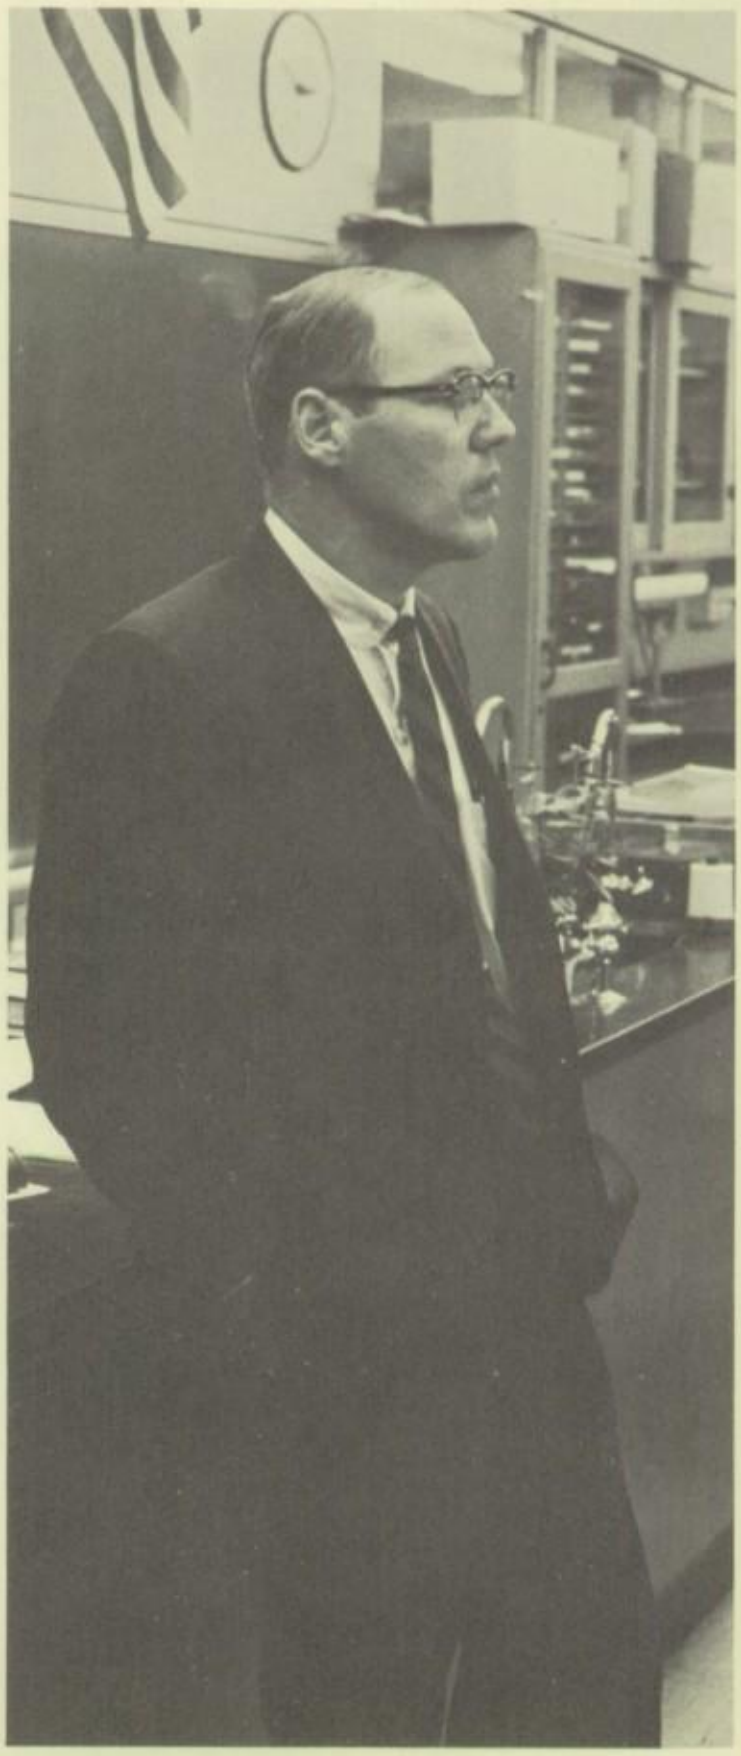
Mr. Dwyer
"You're not gonna sleep in my class, boy."



Mr. Kocher
"Of course you know . . . "



Mr. Stevenson
"As to how this is done . . . "

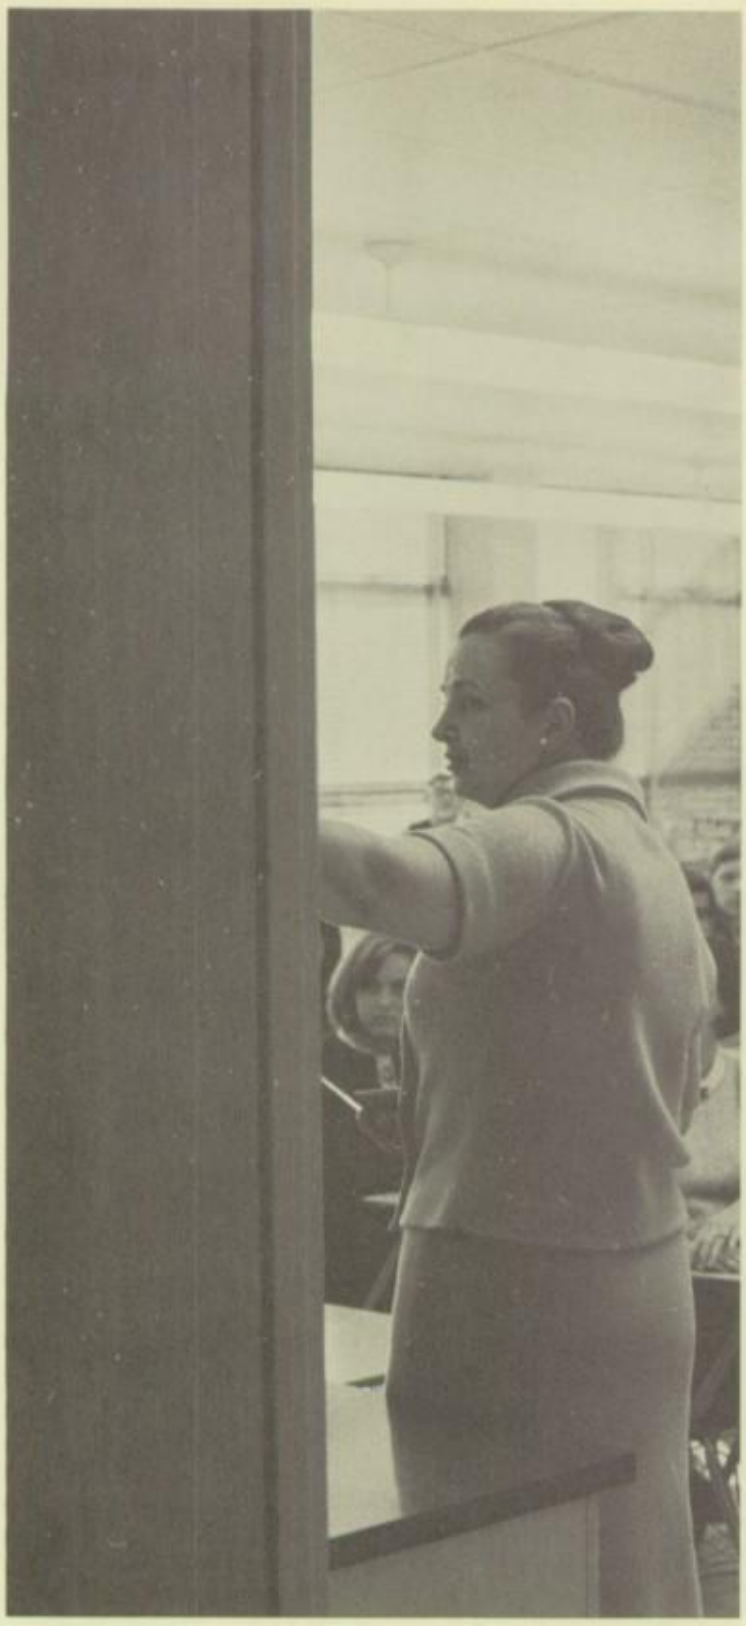


Mr. Pennell
"Where's my chalk?"

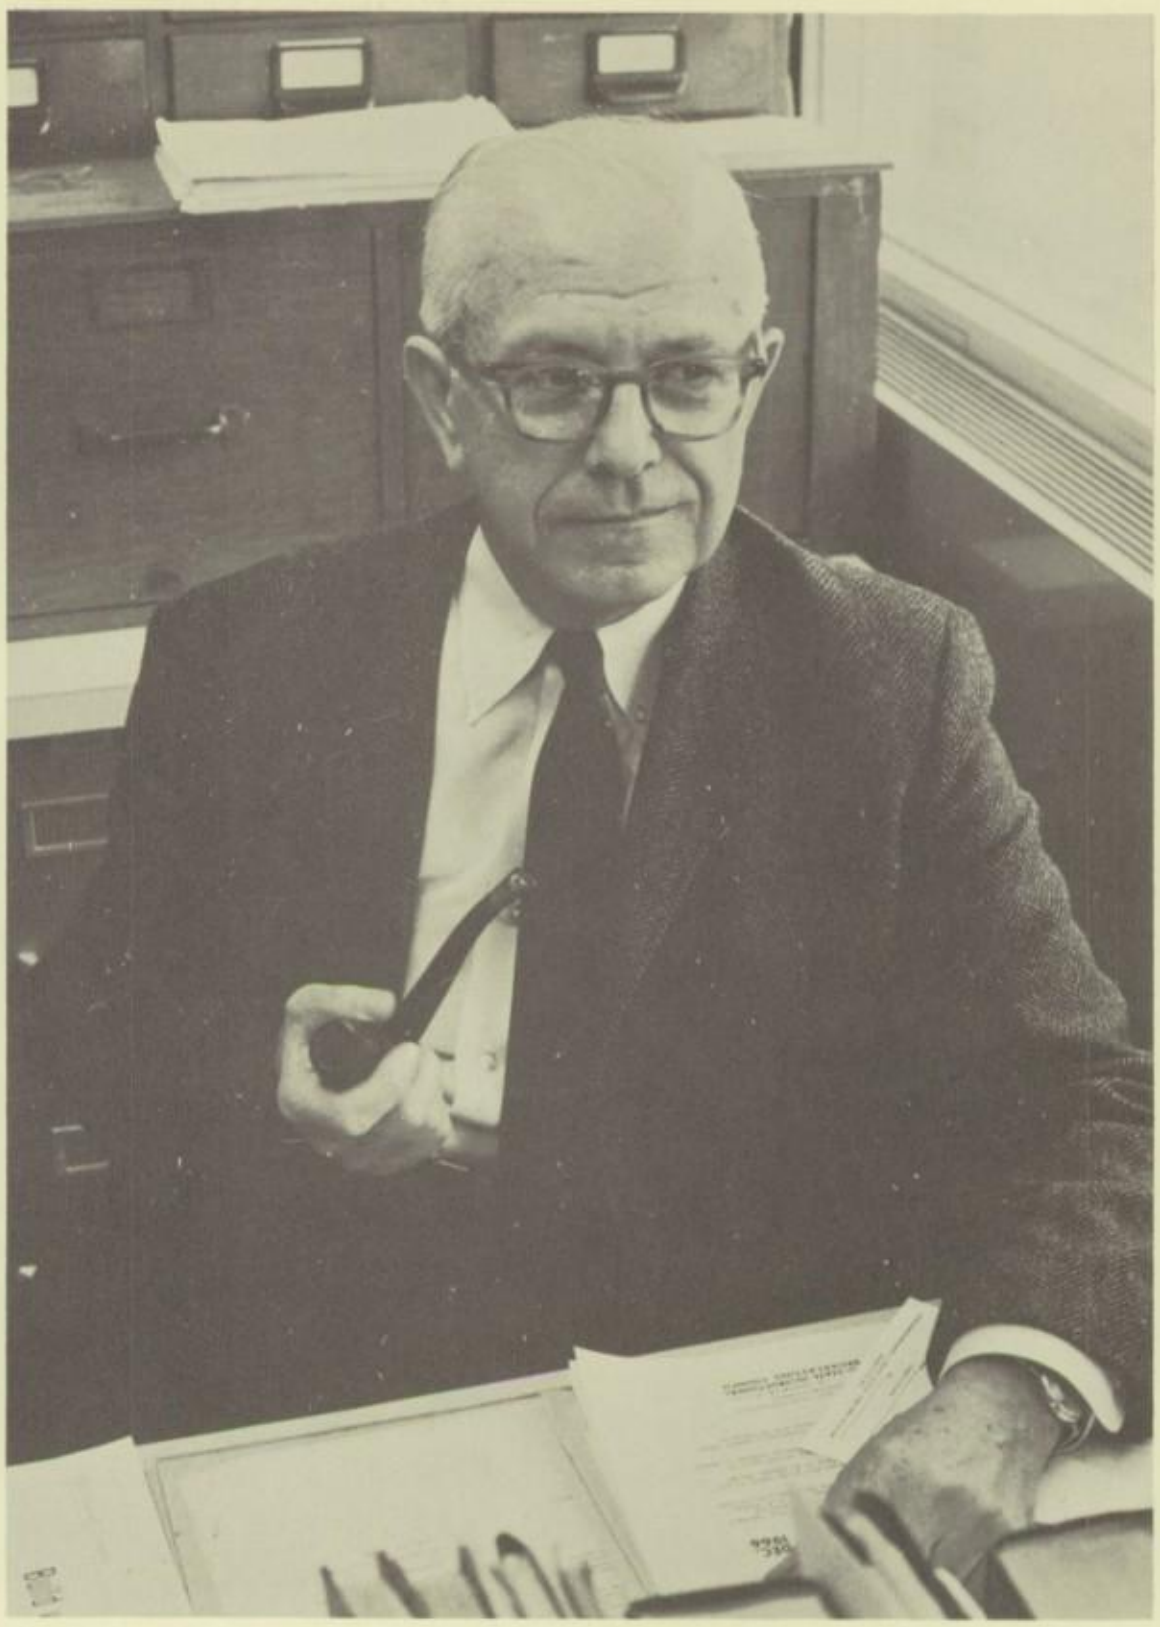
SCIENCE

Through both lab and lecture, cryptic notes and endless texts, we have encountered and explored new concepts about ourselves and our world. But most of all we remember:

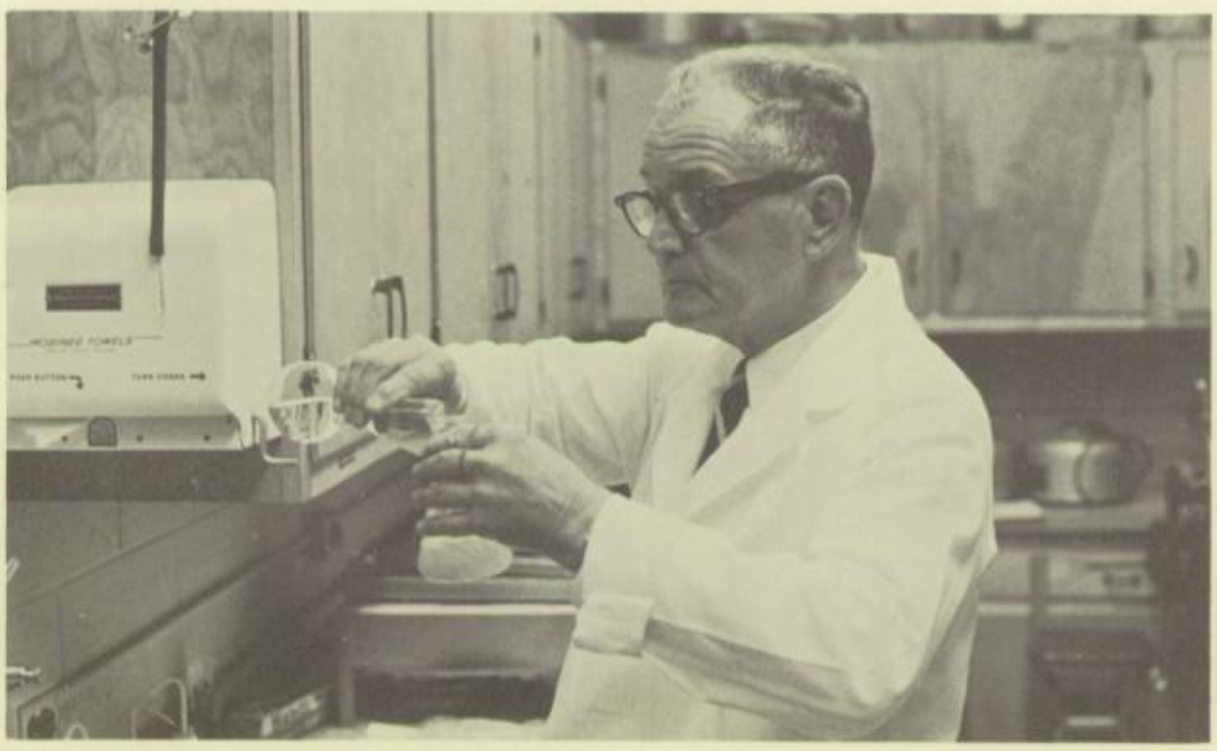
The soybean scandal . . . pre-dawn expeditions to Tinicum swamps . . . the incomparable Mr. James . . . unbearable Snyderisms . . . sex and the single fruit fly . . . "Can you roll your tongue?" . . . watching pinned insects crawl off . . . one-way rooms and the "down" staircase . . . inspirational daily quotes . . . "The burner with the brain" . . . strange organic odors . . . distilled water fights . . . 101 ways to mutilate a sponge . . . "Common sense is stupid" . . . alternating lab write-ups . . . the fabled Heart Association . . . perfect lab technique . . . the fetal pig . . . learning how to think . . and all our frustrations, failures, successes. Somehow we have survived, encouraged only by the realization that "True science teaches, above all, to doubt and to be ignorant."



Mrs. Knupp
"Can't y'all picture it in your mind's eye?"



Mr. Smith
"That's utterly ridiculous!"



Mr. Snyder
"No matter how snide your jokes are, mine are Snyder."

Mrs. Monaghan
"We're going to have a quiz on Wednesday."

HOME ECONOMICS

As the aroma of homemade chocolate cake permeates the halls, Home Economics class is brought to mind . . . that first baby bath . . . running up the hill to Rowland's kindergarten class . . . competing to be an Arnold Constable model . . . cooking and sewing . . . planning a wedding and dreaming of your own . . . these are the memories that linger.

ART

Art, a unique and exciting aspect of our curriculum, has meant many things to all of us:

The atmosphere of freedom . . . continuous strains of classical music . . . the Christmas windows . . . "negative space" . . . raided shelves . . . self-evaluations . . . and insights into the world around us. Under Mr. German's patient guidance, we have discovered that "Art is not a thing: it is a way."

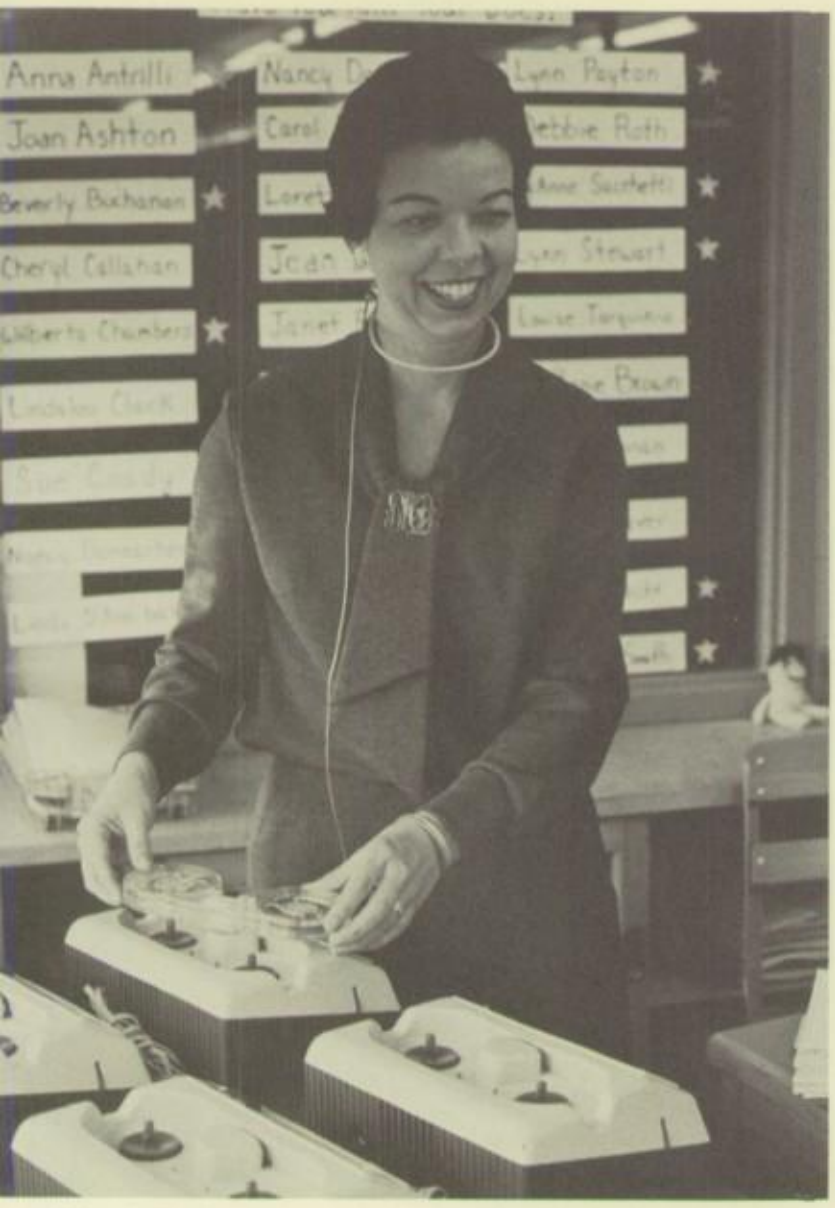
Mr. German
"I hate to repeat myself, staff."

Mr. Fisher
"When I'm up here, I want attention."

MUSIC

The music culture periods are found with Dr. Zerr and his music appreciation classes . . . from Bach, Beethoven, and Brahms to Gershwin, Kern, and Hammerstein . . . Friday listening periods . . . music theory . . . monthly reports . . . "Music, the greatest good that mortals know, and all of heaven we have below."

Dr. Zerr
"O.K., ready to vocalize."



Mrs. Bullard
"Get out of the door."

Mr. Koniecko
"This can always be purchased in the school store."

BUSINESS EDUCATION

During our preparation for the business world, many of us encountered:

"slug-a-bug" . . . Mr. K's classroom comedies . . . the melodic tones of a Southern accent . . . typing to musical strains . . . "all things being equal" . . . an invaluable lesson in brewing coffee . . . the monotony of endless practice sets . . . a long awaited steno lab . . . All these things contribute to the training of Radnorites for their role in the world of commerce.

Mr. Rettew
"Time is money."

Mrs. McCauley
"All things being equal . . . "

INDUSTRIAL ARTS

We have learned to use not only our minds, but also our hands, working with that big circular saw . . . those carefully planned project sheets . . . leaving class a minute early . . . a backward signature . . . using the welder. We leave Radnor having experienced pride in a job well done.

Miss Encke
" . . . and you'll come in and make up a shower."

Miss Odell
"You'll have ample time to take your showers, girls."

Mr. Virgilio

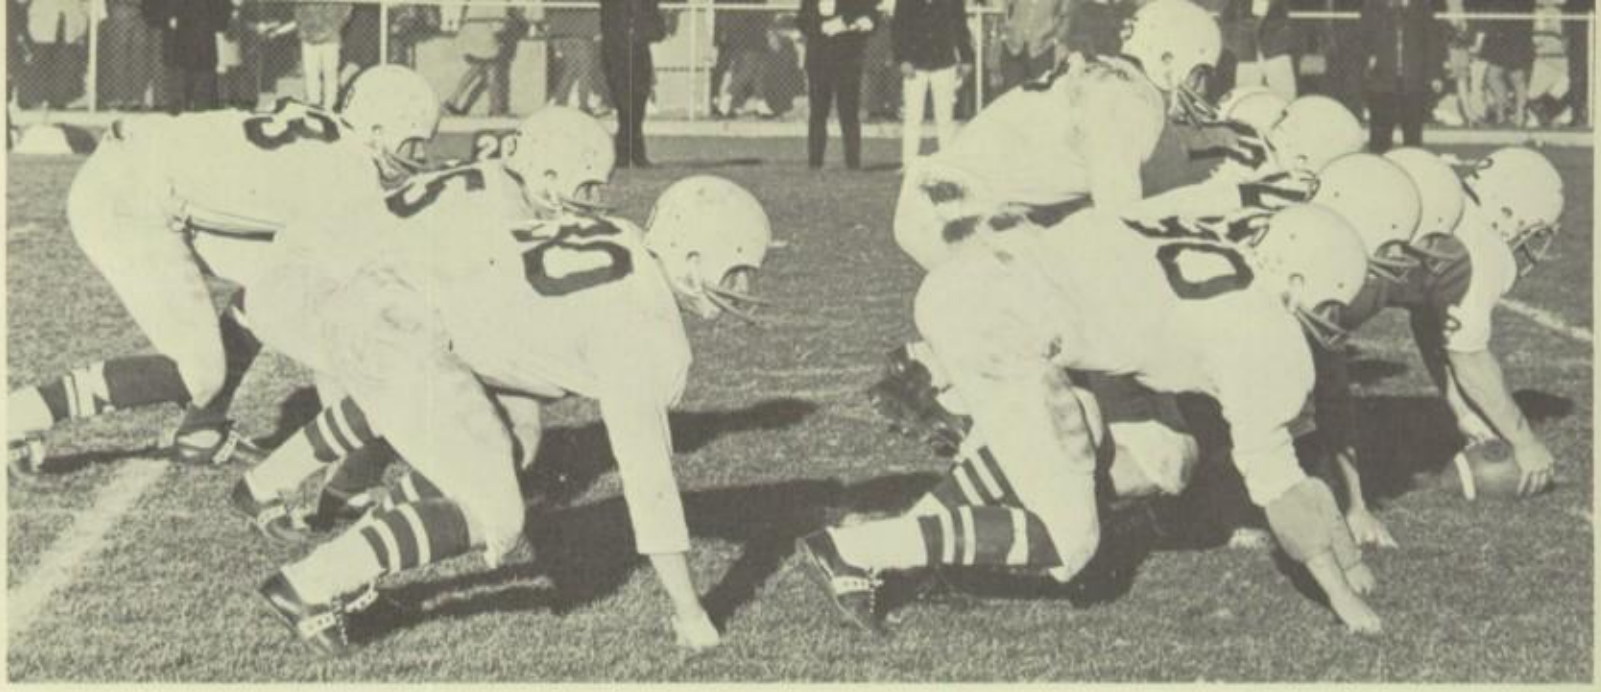
FOOTBALL

Autumn brings more to Radnor than the opening of school. It brings a game of long passes, swift running, and hard blocking and tackling; a game of skill and deception; a game one must love if he is going to play — football.

Starting in the grueling heat of August and climaxing in the biting chill of late November, football brings to all Radnorites the joys of victory and the tears of defeat as they cheer relentlessly for a group of players they know they can count on.

This year's team, although lightweight, had a unique desire to win in the form of a "Never-Say-Die" attitude. Ably captained by Bill Robinson and Pete Stewart, the team turned in a fine record which made us, as loyal fans, proud!



L.M. GAME

Down through the ages, there have been bitter and valiant rivalries. Yet, to us as Radnorites, there is none more moving than the Radnor-Lower Merion football game, a game that can outshine the Army-Navy classic or the Rose Bowl. A victory against Lower Merion can make up for the mistakes of an entire season.

Weeks in advance the tension begins to mount as the cheerleaders start work on the supreme rally. Later, a group of seniors meet in the school garage to paint posters. The day before the game, the weeks of preparation reach a climactic peak: the return of Mr. Prevost, reliving the days of Emlen Tunnell, telegrams, the pledge, an endless string of cars down Lancaster Pike.

This year, although our "Giants" lost, we will always know that they went down fighting.

CHEERLEADING

The personification of Radnor spirit — ten girls, clad in gay maroon and white, cheering their hearts out for their school. But behind the glamour of the sports events themselves lies a schedule crammed with time-consuming tasks to be done — posters, rallies, practices, and apple sales.

Yet none of this discourages any girl from a week of tryouts in the spring from which emerge ten smiling faces who will represent Radnor spirit in victory and defeat.

This year's squad strove to promote encouragement for our teams and instill the spirit of Radnor in our student body.

Mimi Canfield, Cathy Williams, Sharon McCann, Susie Orcutt, Meredith Mercer, Ki Rice, Darcy Walton, Anne Wallace, Diane Ries. *Kneeling:* Susie Hopson (Captain).

HOCKEY

Beginning as a complaining, out-of-shape group returning a day early for hockey, Encke's Amazons soon got with it on the hockey fields. The girls, in frayed cut-offs and pig tails, were organized into four squads — Sophomore third and fourth, and the J.V. and Varsity, coached by Miss Rogers and Miss Encke. Exercises, flicks, drives, dodges, and fatigue maneuvers were put to the test during the eight games of the season. Posters and spirit tags symbolized the tremendous enthusiasm of the teams. This spirit, along with team work and individual skills, worked to make the season a success. Sock hockey, pep talks, the hockey dinner, the leadership of Lyn and Sharon, riotous bus rides, the support of Mrs. Springer and Mrs. Pusey — all will be long remembered.

Sharon McCann, Lyn Jackson, Co-captains

First Row: Suzi Johnson, Carol Gray, Lyn Stewart, Sharon McCann, Lyn Jackson, Brenda Tate, Dottie Parker, Nancy Davis. *Second Row*: Karyn Weidman (Manager); Polly Tindle, Susie Orcutt, Carol Fritzen, Debbie Fagan, Amy Bertalott, Linda Barger, Meredith Mercer, Cathy Williams, Miss Encke (Coach). *Top Row*: Paula Balentine (Manager); Sydney Hopkins, Sherry Collins, Chris Stephenson, Susie McKee, Carrie Tinnin, Connie Carroll.

CROSS COUNTRY

One of Radnor's least heralded organizations is the dauntless cross country team. Braving a variety of hardships ranging from inclement weather to a disheartening lack of student support, these young athletes strive to exemplify the ideals of perseverance and sportsmanship.

Coached by Mr. Pennell and led by their captain, Jack Embick, the team has ably represented Radnor in competition with much larger schools. Cross country, while essentially an individual sport, requires total team cooperation in order to win a meet. Despite this year's discouraging record, there is much potential to promise a successful future.

Jack Embick, Captain

First Row: Bob Eisiminger, Don Shaw, Jack Embick (Captain); Dan Payne. *Top Row:* Mr. Pennell (Coach); Norman Bilhime, Wally Vogelsberg, Art McFarland, Dan Shaw, Tom Cartier.

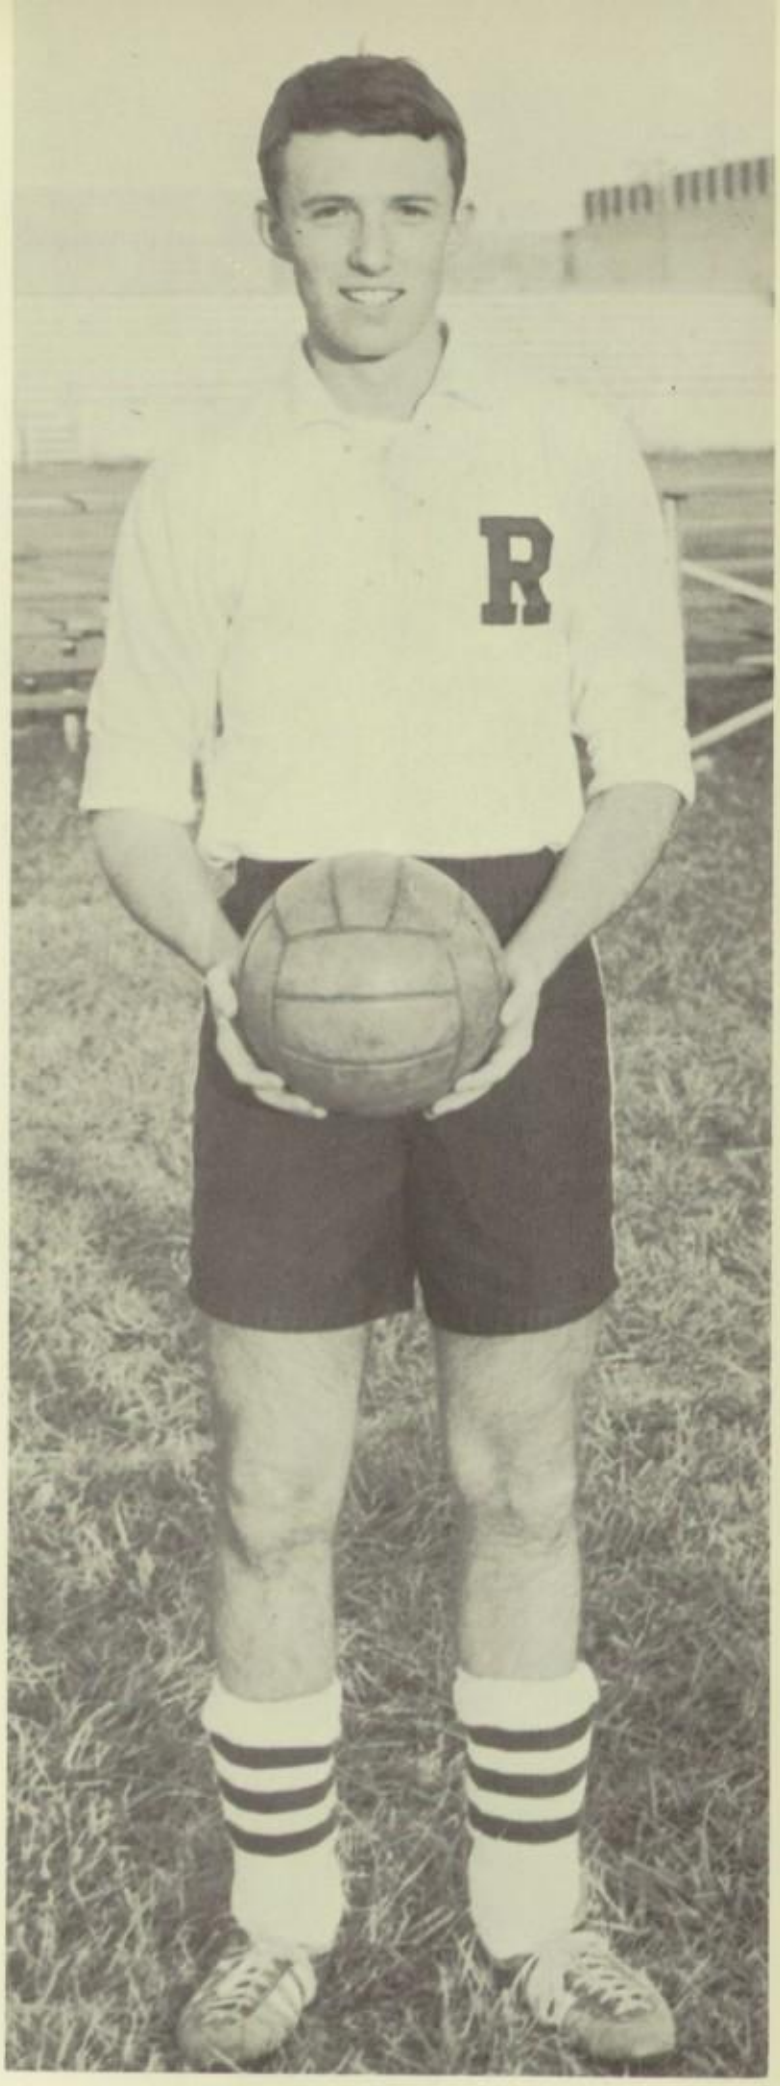
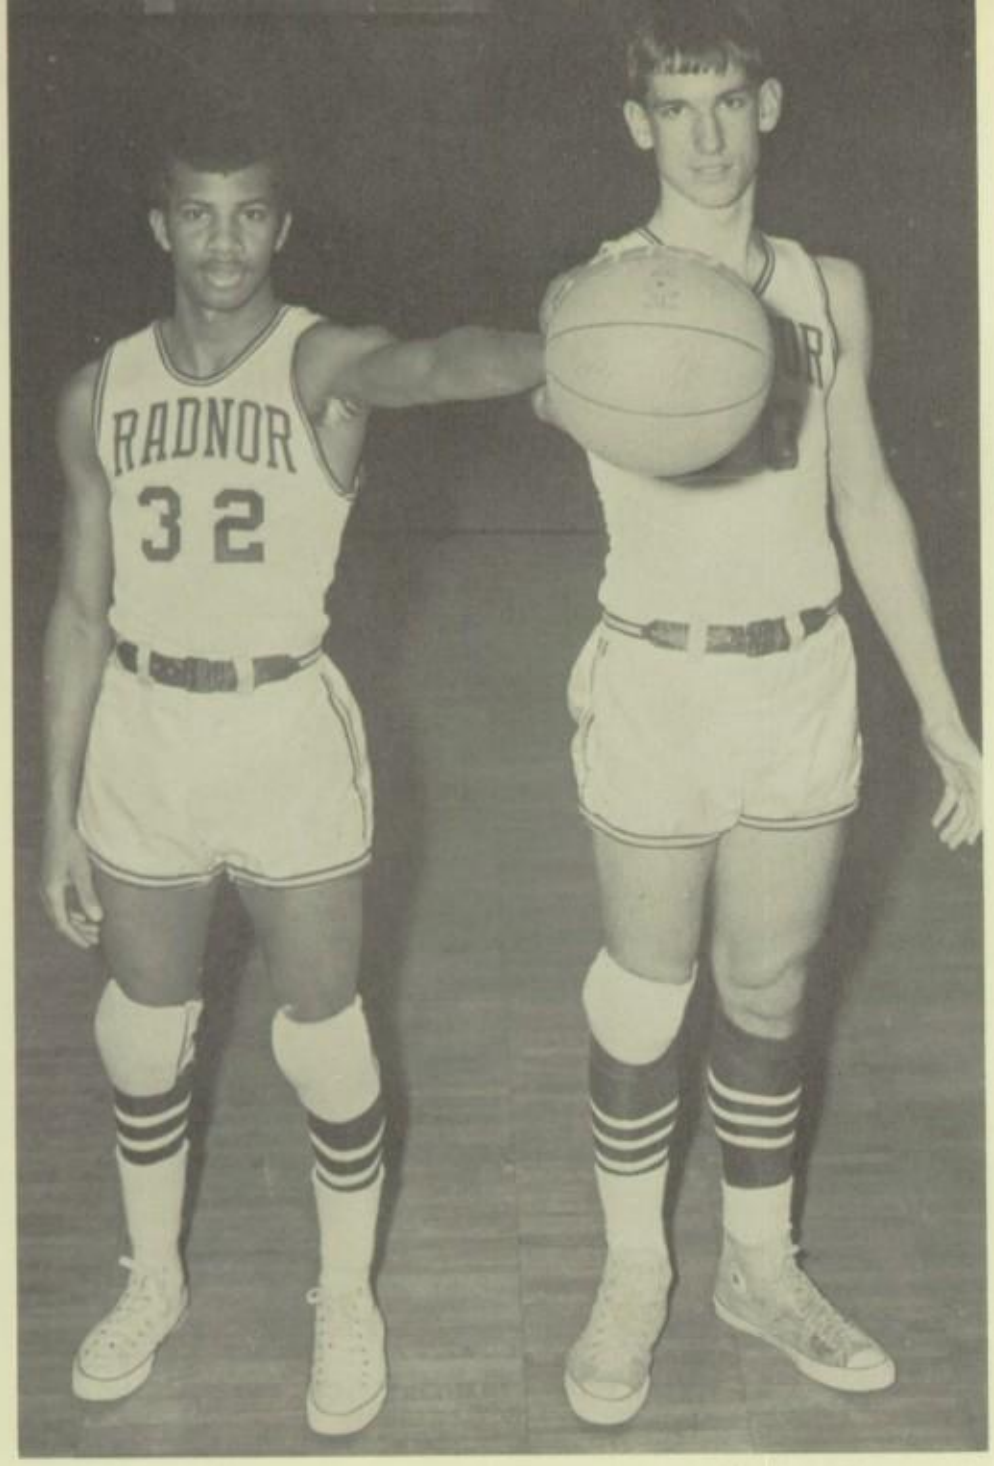
SOCCER

There was a feel of power when you were alone with the ball, and the thrill of a good solid kick. Your lungs ached, but you kept on running with reckless determination. To win was drunken joy; to lose was frustrating anger.

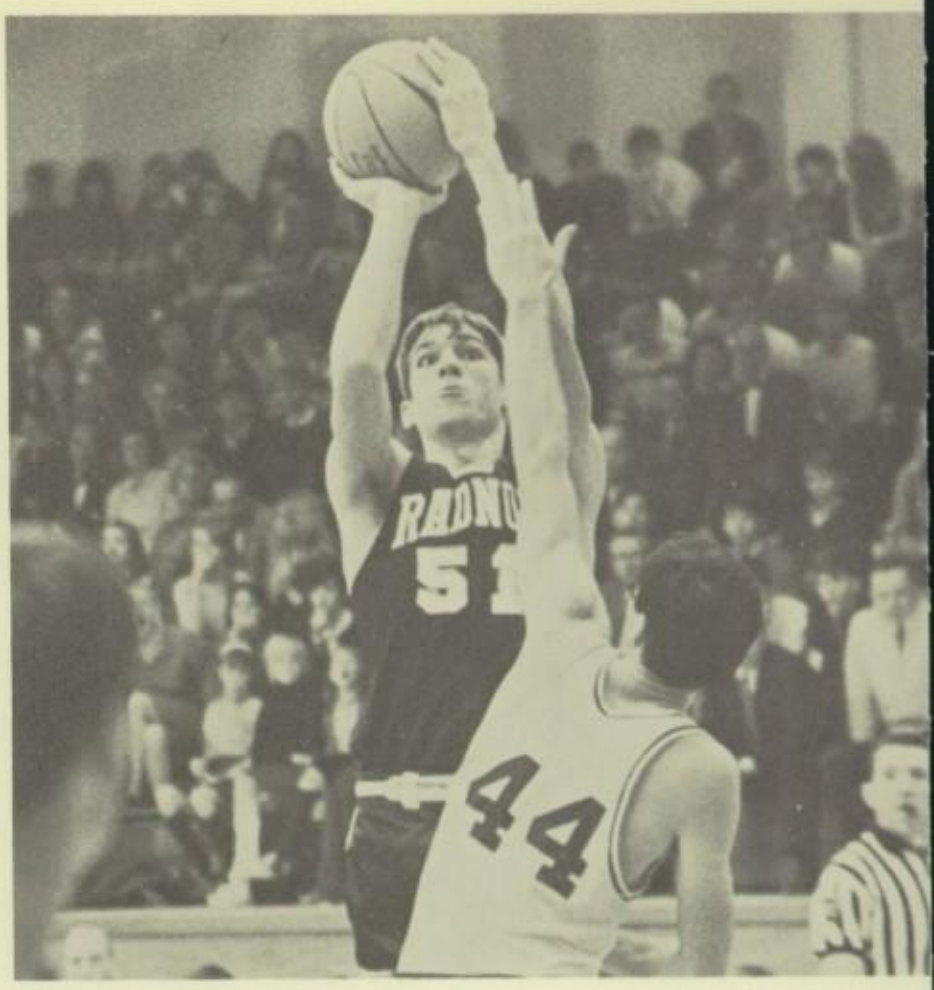
There were days of practice, heading drills, endless wind sprints, those scrimmages with only twenty players; and Mr. Siemons never losing his temper. But there was also the day we beat Abington, and Tony's toe, Rabbit's collisions, Bob's luck, and Brooksie's accuracy, all composing an unforgettable season. Above all else, however, was the overwhelming pride of belonging to a team.



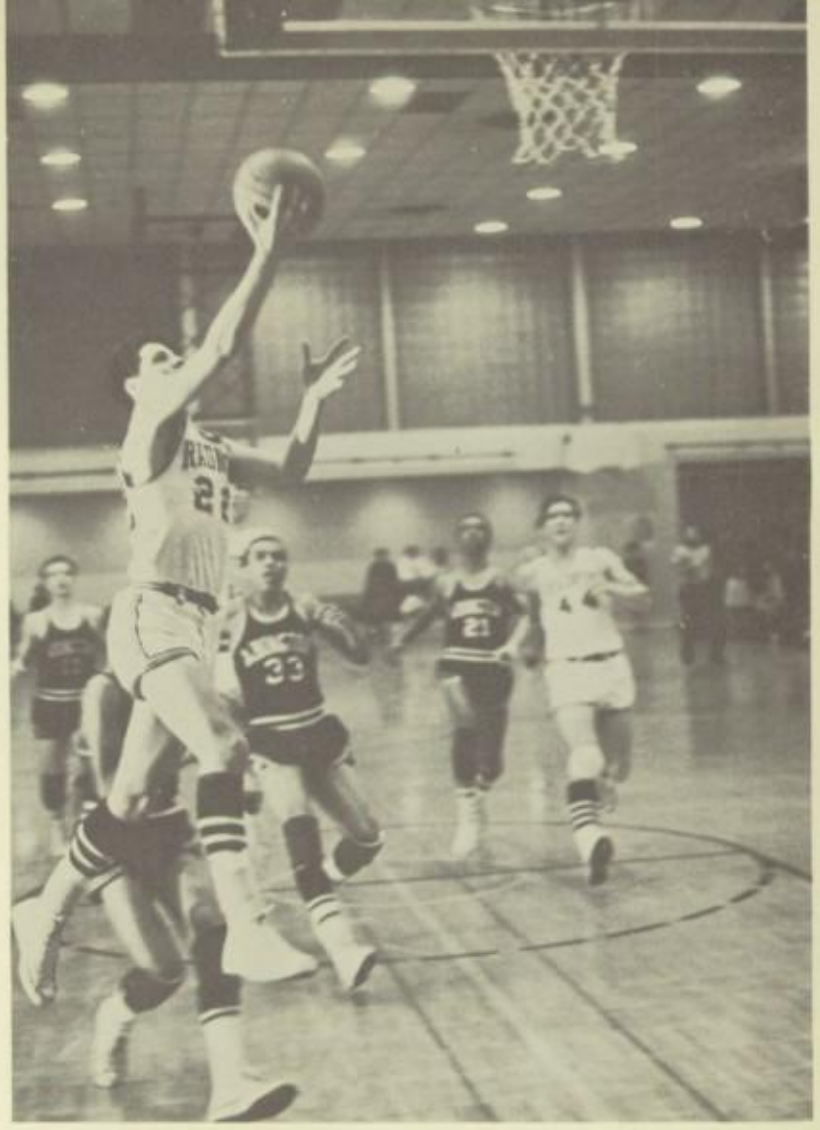
Loring Pardee, Captain



Sparky Lane, Lloyd St. Clair, Co-captains

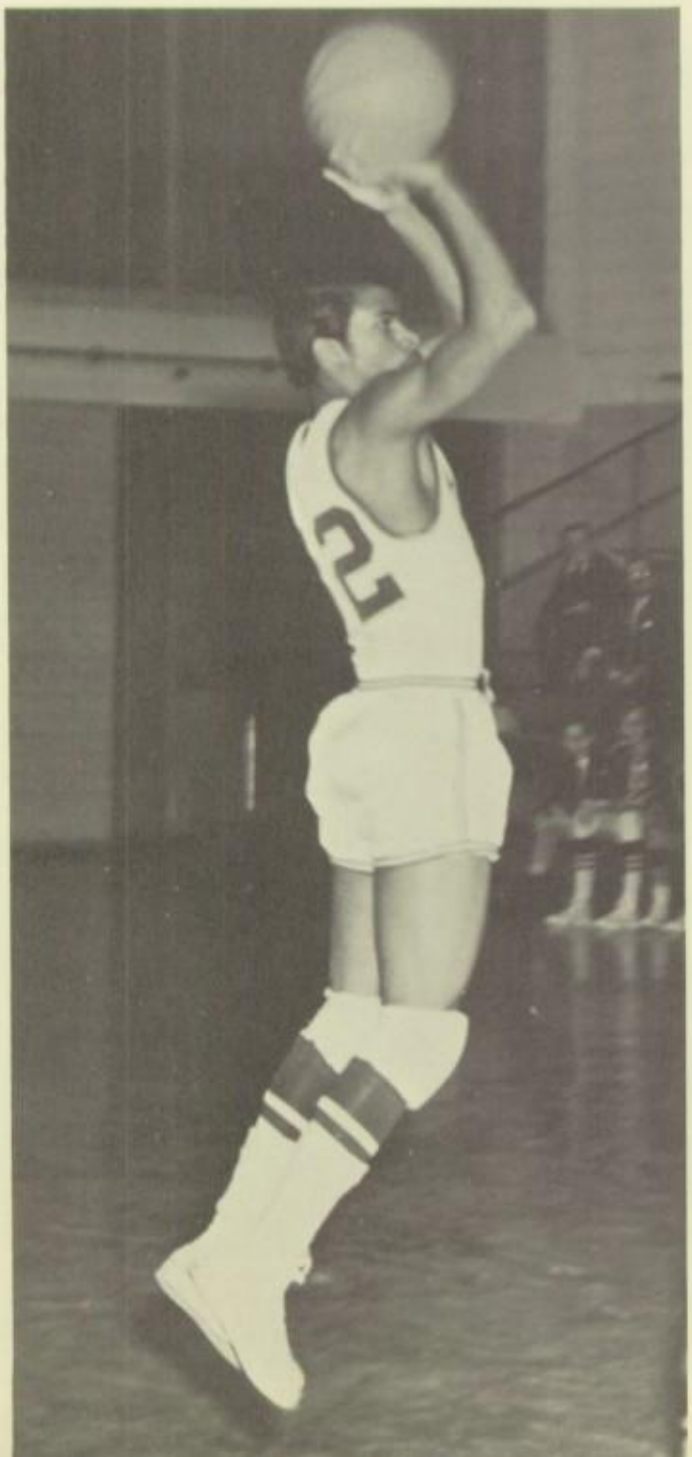


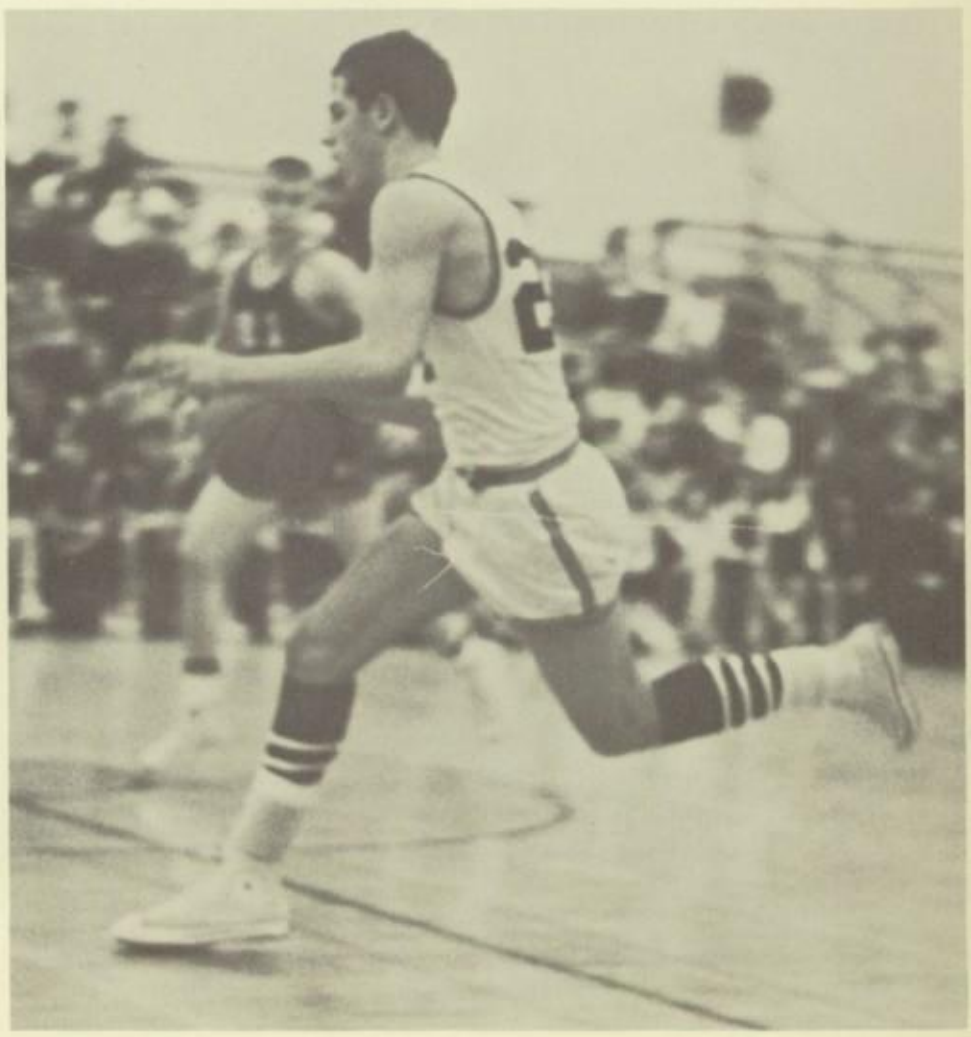
First Row: Tom Hassett, Rick Keiter, Sparky Lane and Lloyd St. Clair (Co-captains); Colt Heppe, Mike Lacing. *Second Row*: Mr. Dwyer (Coach); Jim Cortwright (Manager); Steve Fay (Scorer); Richie Mahan, Frank DeSolis, Bruce Schneider, Joe Norley, Tony Palmer, David Boring, Mr. Balk (Coach); Tom McCloud (Manager).



BASKETBALL

With the starting five containing only two seniors, things looked pretty dim for Radnor. But it takes more than that to keep a good team down. Inspired by the topnotch coaching of Mr. Dwyer and Mr. Balk, the Raiders showed Suburban North who had a great team. Under the leadership of co-captains Sparky Lane and Lloyd St. Clair, our boys not only made a good showing in their league, but walked away with the Rotary Tournament's first place trophy for the fifteenth time in twenty-five years. It just goes to show you what Radnor Spirit can do!





Carol Gray, Susie McKee, Co-captains

GIRLS' BASKETBALL

The shouts of "Radnor's on a heat wave! Ohh-ahh!" echoed through the gym and led the girls on to a winning season of basketball. Under the captainship of Susie McKee and Carol Gray, the girls, in high sneakers, worn cut-offs, and long shirt-tails, were organized into the Varsity — enthusiastically coached by Miss Encke — and the J.V., 'X' squad, third and fourth teams — all coached by Miss Odell. Sand Weights, double warm ups and paddy whacks became a part of the practices which led to the eight games of the 66-67 season.

Memories of the bus rides, long-hoped-for unlimited dribbling, the exciting Plymouth game, team work and the good luck, "Hands together—go!" will live long in the memory of these Radnorites.

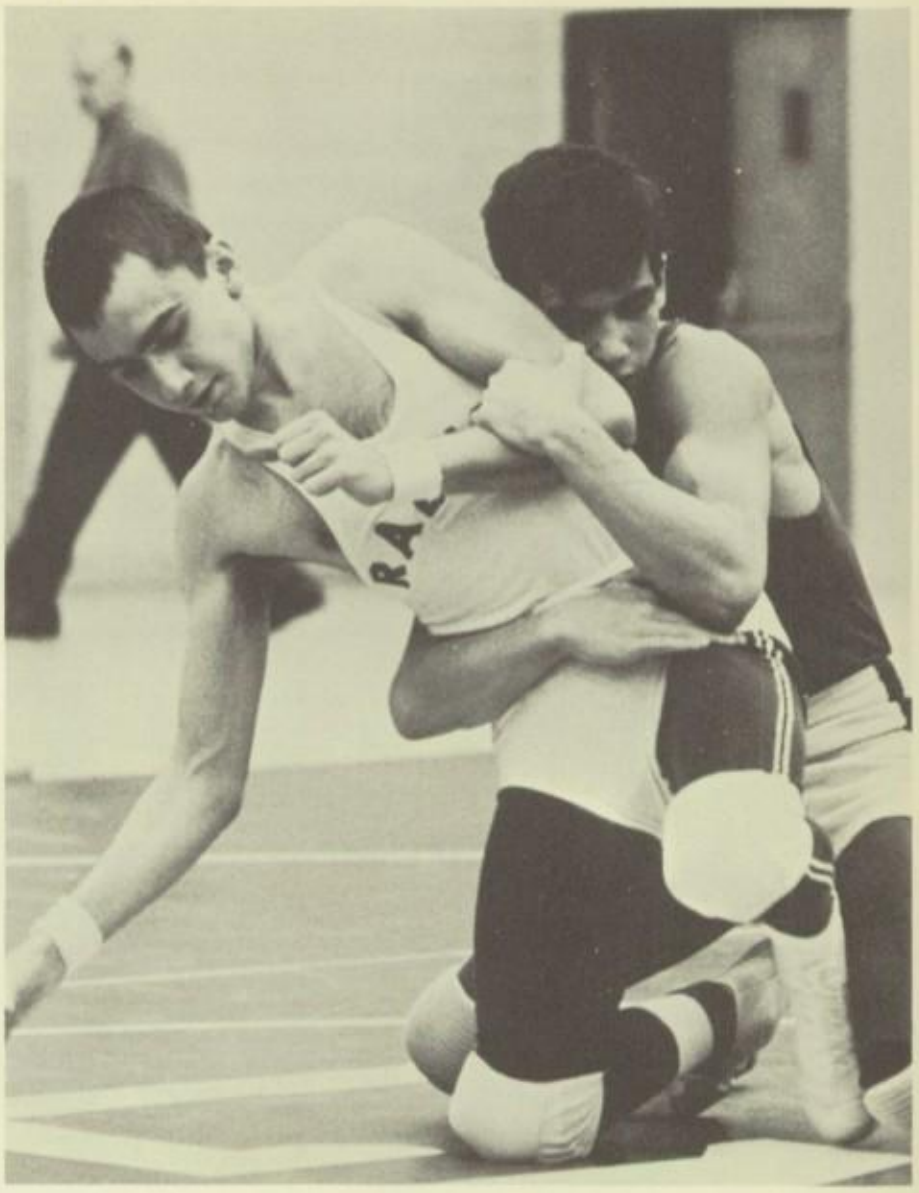
First Row: Margaret Simpson, Carrie Tinnin, Suzi Johnson, Carol Gray and Susie McKee (Co-captains); Sharon Butts, Lyn Stewart. *Second Row*: Karyn Weidman, Wiley, Sarah Miller, Debbie Fagan, Miss Encke (Coach). *Top Row*: Karen, Bascom, Carol Fritzen.

WRESTLING

After four seasons' experience in the highly competitive Suburban North League, the Radnor wrestling team has matured into an effective, working unit. Instructed by their coaches, Mr. Virgilio and Mr. Stevenson, the wrestlers have proved themselves capable of meeting the challenges of any school.

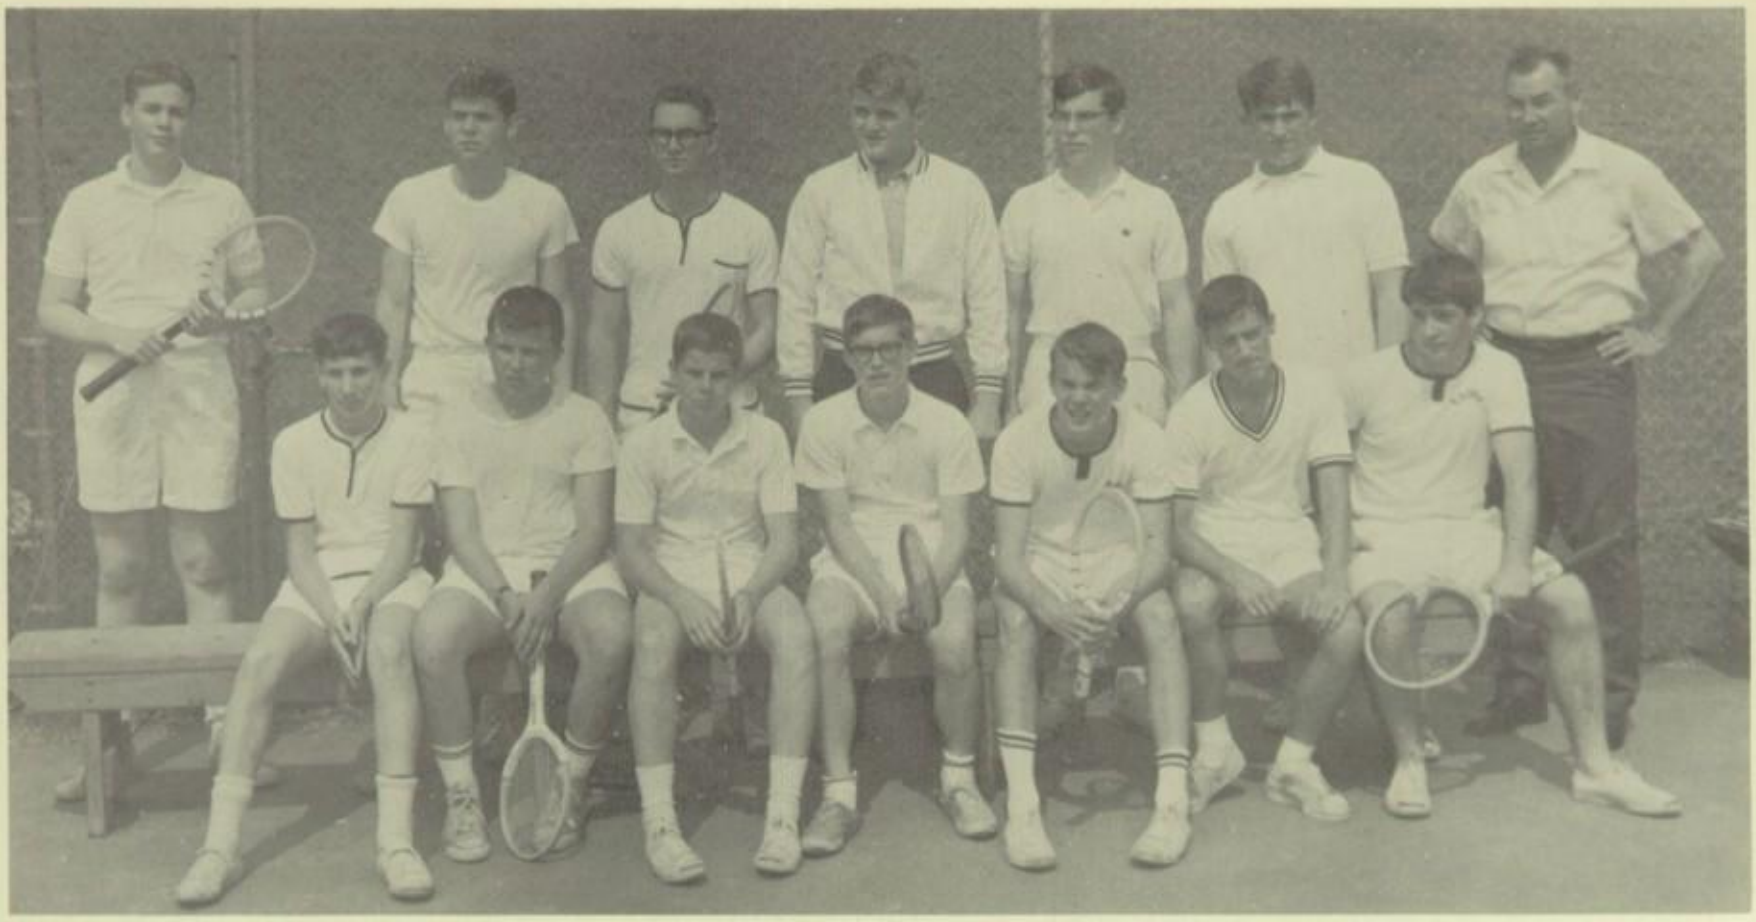
Senior wrestlers have made invaluable contributions to the varsity's effectiveness. Of the co-captains, who share impressive 8-2 records, Jeremy has earned himself a nickname, "The Beast," while Ed represented Radnor as a runner-up in the 1966 Suburban Championships. Rick, too, despite his deceptive nickname, has successfully handled his share of challengers. John is the strong man of the team, wrestling unlimited. Working together with all the team, these boys have made this one of Radnor's most satisfying seasons.

Jeremy Beardsley, Co-captain



Ed Tiryak, Co-captain

First Row: Bob Rosenberg, Ed Tiryak, Jamie King, Ralph Walker, Rick Paddock. *Top Row:* John Boyle, Jeremy Beardsley, Tony DuBon, John Delano, John Whiting, Mr. Virgilio (Coach).



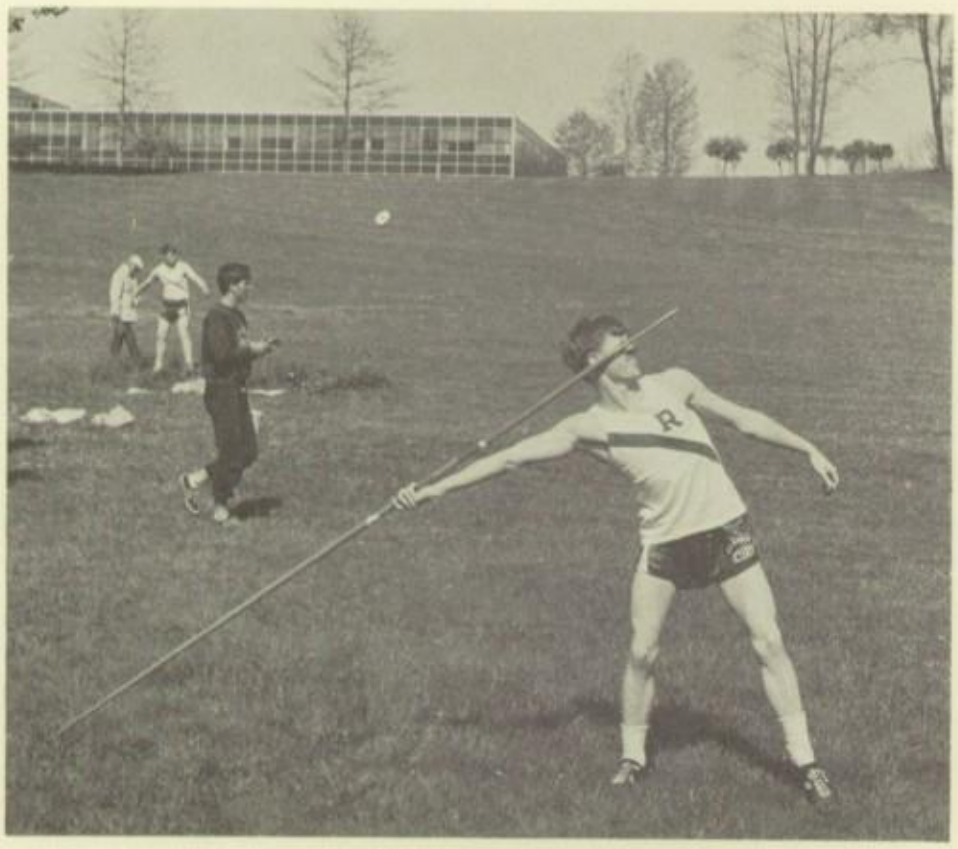
First Row: Bill Connor, Craig Simmons, Jed Ridell, Bob Asher, Jamie King, Dan Shaw, Jeff Rowe. *Top Row:* Jim Ward, Tony Palmer, Jeff Weil, Scott McCone, Bruce Miller, Bill Ellmaker, Mr. Koniecko (Coach).

BOYS' TENNIS

This year's team is a collection of determined boys who are not affected by situations that would discourage any other tennis team. Combatting fierce winds, attempting to ace dead balls, and repressing their jealousy of the girls using the upper courts, the team has never failed to place high in the Suburban I league. The challenge ladder and the physical penalties suffered after losing a practice match have conditioned the boys well for battles with other schools.

The combination of individual skill and united team spirit insure Radnor's success this spring.

First Row: Paul Hackman, Lowry Allen, Paul Williams, Jim Brooks (Co-captain); Eric Gray, Walt Bosler (Co-captain); Bill Zimmerman, Bob Hagan. *Second Row:* Loring Pardee, Tony DuBon, Steve Burns, Lee Harper, Mike Briggs, Larry McNeil, Tim Heth. *Top Row:* Tom Hassett, Bill Ashton, Colt Heppe, Dick Miles, Bill Robinson, John Loos.



Walt Bosler, Co-captain

TRACK

Track requires more than physical stamina, for without an earnest desire to win and courage to suffer in the process, mere strength is useless. But mixed with the sweat and sore muscles are the gratifying sense of accomplishment, and the renewed confidence in one's ability to succeed.

Our class has contributed greatly to the track team as a whole. There is our star sprinter, Jim Brooks, and the versatile Steve Burns. Bill Robinson is our reliable man with a shot, and Walt Bosler has that unique ability with a javelin. With such talent, Radnor will never lack a spirited and successful track team.

First Row: Amy Bertalott, Meredith Mercer, Polly Tindle, Sharon McCann, Cathy Williams, Lyn Stewart, Sherry Dooley, Brenda Tate. *Second Row:* Suzi Johnson (Co-captain); Dottie Parker, Donna Miller, Ginger Leaming, Marie Wilson, Nancy Artz, Carrie Tinnin, Margaret Simpson, Miss Encke (Coach). *Top Row:* Miss Rodgers (Coach); Debbie Fagan (Co-captain); Alexis Miller, Connie Carroll, Carol Gray, Susie Ulrich, Susan English, Darcy Walton, Sydney Hopkins, Barbara Meares.

Debbie Fagan, Suzi Johnson, Co-captains

LACROSSE

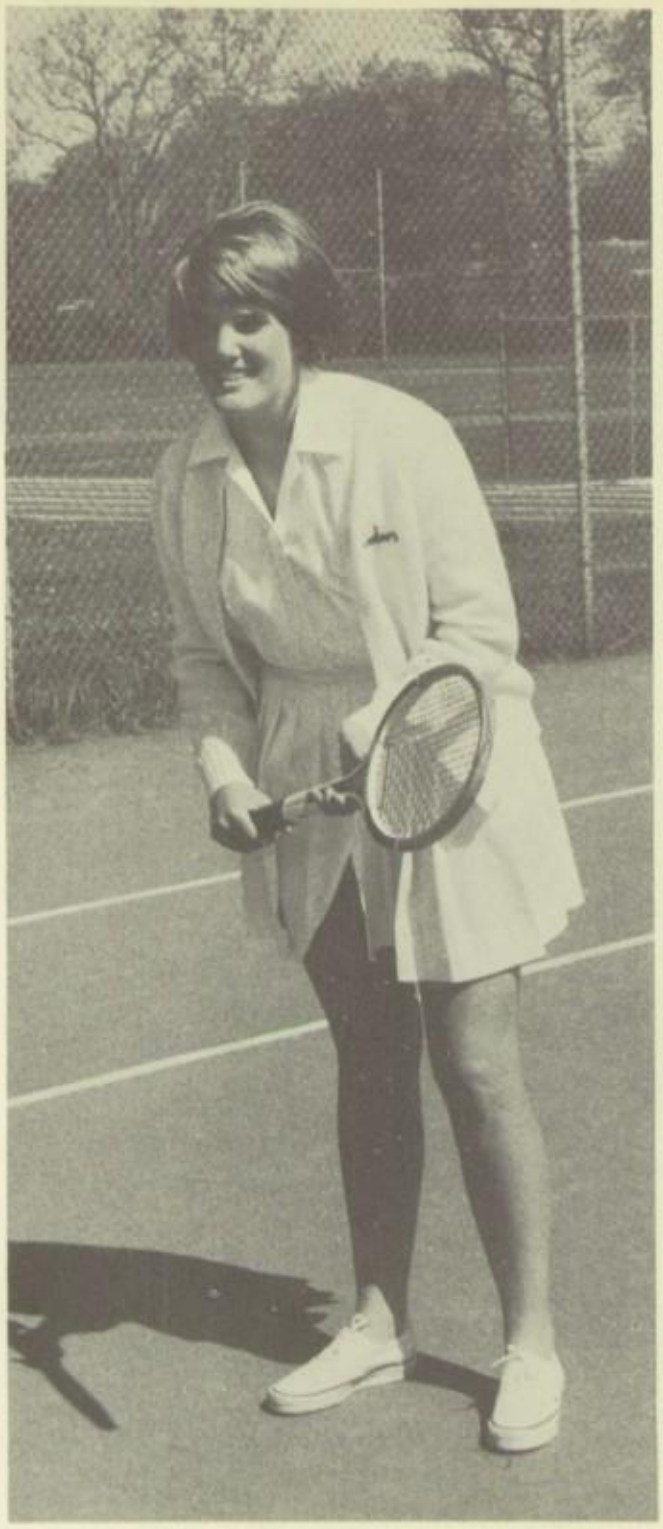
As the clock strikes 3:15 on warm spring afternoons, the calm, quiet lacrosse field bursts with activity. The team, led by Suzi Johnson and Debbie Fagan, practice passing, cradling, and flicking techniques as their coaches, Miss Encke, Miss Rogers, and Miss Odell, work on new plays that contribute to the victories of their teams.

Although the memory of denim cut-offs, pig tails, orange slices, exhausting sprints, black eyes, and spirit tags may become hazy in their minds, they will never forget the joy of winning or the sadness of losing that they felt, not only as individuals, but as a team.

GIRLS' TENNIS

Those first few windy practices in March, the perpetually challenging exercies with jump ropes, and the inevitable sprints greet these girls each year as they prepare for spring tennis. Under the motherly coaching of Mrs. Gibbons, notorious for driving the yellow truck to away games, the team members develop their individual skills — strokes, serves, speed and agility. They then concentrate on the fine points of the game, including placement, aceing, and quick judgment of the opponent.

The girls compete among themselves for positions on the ladder, and by April are proficient enough to contend successfully with other schools. A rewarding season is anticipated by the team and captain Naki Stevens.



Naki Stevens, Captain

BASEBALL

Early in the spring, nearly a month before the starting game in April, the vigorous training for the baseball season gets under way. After a thorough review of the basic fundamentals, the fine points of the sport are perfected under the expert guidance of varsity coach Mr. Lentz and junior varsity coach Mr. Taddei. This extensive practice is necessary to put the players into shape for their tough fifteen game schedule. Led by their efficient captains Jim Donaldson and Jerry Duffy, our boys look forward to a successful season.

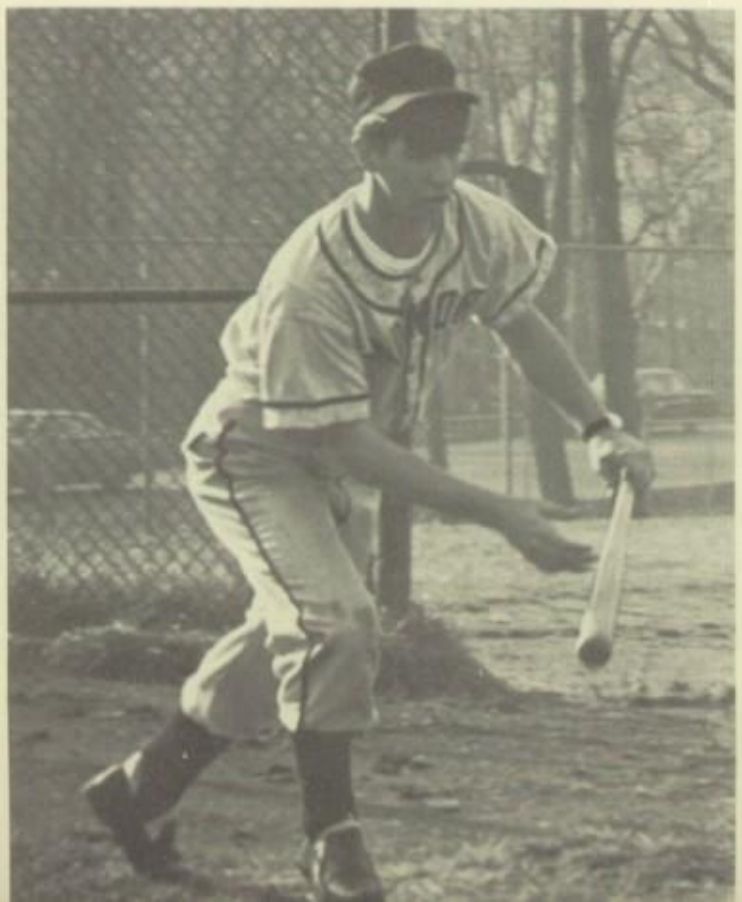
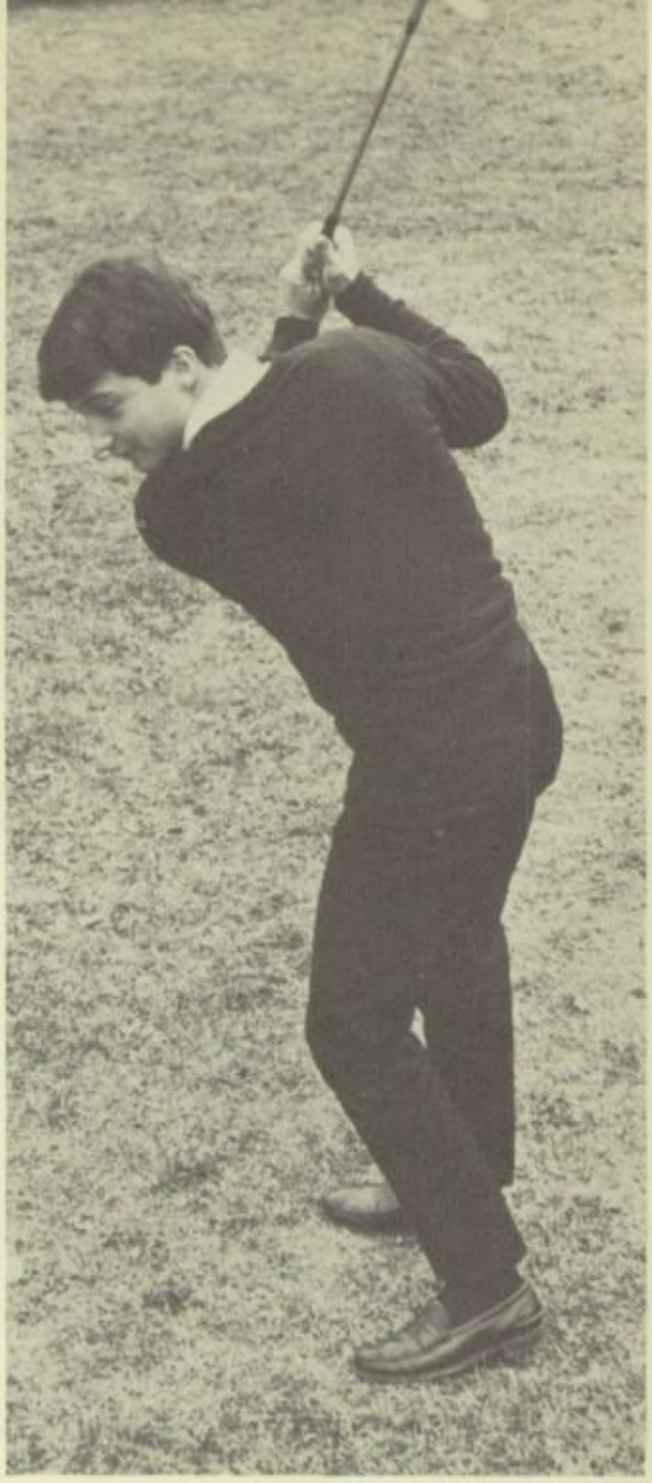
First Row: Jim Pierce, Jerry Duffy, Jim Donaldson, Denny White, Ben Knupp, Jack Embick, Rob Rosenburg, Jack Bartley, Chuck Candelora, Bill Baldwin. *Top Row:* Mr. Lentz (Coach); Pete Romeika (Manager); John Briskin, Russel Flemming, Dave Hardt, John Craig, Rick Keiter, Jim Smith, Guy Keally, Bill Bader, Randy Napier, Jim Hampton.



Tom Graham, Co-captain



Kurt Doxtader, Co-captain

GOLF

With the initial cry of "Fore!" the game begins, matching the wit and coordination of Radnor golfers against their opponents. Scoring on a stroke-per-hole basis, due to the short period of time available after school, our golfers have frequently come out on top, with Mr. Dwyer cheering them on.

Overbrook Country Club serves as Radnor's home course, with its beautiful surroundings creating a peaceful atmosphere in which to practice. Drills in driving, putting, and chipping all help improve the boys' games and bring them closer and closer to their ultimate goal — the hole-in-one.

First Row: Steve Hendrickson, Ralph Patterson, Steve Lathbury, Doug Herz, Ron Bournonville, Bob Burkhardt. *Top Row*: Mr. Dwyer (Coach); Bill Byrne, Mike Lifset, Bob Green, Mike Keating, Tom Graham, Kurt Doxtader, Fred Barthmaier.

ACTIVITIES

Extra curricular activities allow the student to pursue learning beyond the classroom into areas that appeal to the individual and contribute to the school as a whole. At Radnor, there is a wide range of activities from which to choose. One may find guidance for future occupations or develop creative talents. Clubs sponsor cultural, social, and fund raising activities which add to the variety and enrichment of our high school years.

STUDENT COUNCIL

The Student Council of this year has functioned around one basic motive — the involvement and satisfaction of the student at Radnor High School. In addition to services to organizations such as the Red Cross and the Foster Child Plan, Student Council has endeavored to initiate projects for the pleasure and enjoyment of the student body, such as the Fall Mixer, the Student Council Day, and the March 17 Spring Dance. With other projects in the making, the Student Council and I hope that we have eased the tension of academic life with a little pleasure and fun to make the combination an unforgettable high school experience.

AFFILIATION CLUB

Through the exchange of letters, gifts and students, the Affiliation Club and the student body have made life-long friends throughout the world. Returning to Radnor for their senior year were Bob Koons, who made his 1965-66 home in Berlin, and Betsy Novelli, who attended school in Saint Marcellin, France. Throughout this year there has been an exchange of letters with Gwinn Stahler and Melinda Miller, as well as Andrea Ruelius, who is our first student to live in Japan. It is through the Affiliation Club that these exchange students are able to make strong, through personal communication, the feeling of brotherhood throughout the world.

YEARBOOK

Nancy Ballard, Editor-In-Chief

Long before students had returned for the present school year, the yearbook staff was at work drawing up plans and assembling tentative layouts for the 1966-67 yearbook. As early as last spring the photography staff was taking pictures. A planning committee met several times during the summer to lay the foundation on which the entire staff would build in the fall, and as school opened, many of us found we had a lot to learn.

Typists were kept busy as the literary staff met the challenge of 258 senior write-ups, and the art staff, constantly replenished by pictures from the photography staff, strove to create a pleasing balance of pictures and words. Here I would like to say thank you to a wonderful staff for what I know has been a lot of hard work. Through this book they've brought their best to the class of '67.

RADNORITE

It has been proven by the Radnorite staff that motivation overcomes almost any barrier. Struggling hard to improve the literary quality of their paper, the few members study and endeavor to emulate the good points of various school and city newspapers. The number of issues put out has doubled this year, due to financial aid given by the school board and the determination of the editors. Their goals — to inform the student body of upcoming events, review past ones, and present local, political and social issues — have been accomplished well.

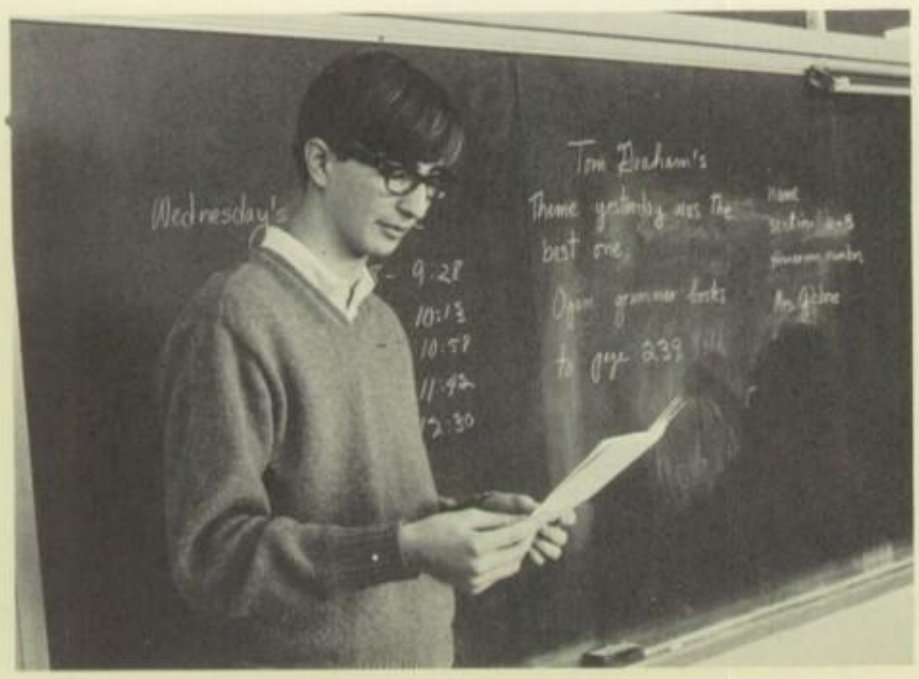
SOPHOMORES



Wednesday's
Tom Bradham's
Theme yesterday was the best one.
Open grammar books to page 339

We awoke from a summer dream, and having fallen from our ninth grade pedestals looked up at the unfamiliar faces. The maze of new corridors, classrooms, and stairways — this had been expected; it was the first pep rally, the refreshing and sincere spirit that came as a shock, but we were quick to join with newly found voices. We acquired the academic seriousness of the Senior High less eagerly as PSAT's and college pressure became realities. There were light sides to our academic lives: the Faust Opera, bug collections, tree walks, bird walks. When social groups dissolved, new personalities interacted, companions parted, and strangers became friends.

Identity is followed by a question mark for most of us, but we are beginning to establish our futures and to realize the vastness of what we have not learned. Let us say that we have become "wise fools."

JUNIORS

Radnor was not new to us this year; in its halls we found many traces of sophomore days, still fresh in our minds. The pungent odors of toxic chemicals replaced the smell of fermenting pond water, and our minds were challenged by algebraic equations instead of geometric abstractions. Weekly themes and our junior thesis "lighted fools the way to dusty death," as we found this year to be as hard as we had anticipated. Cars became an integral part of our social lives, taking us not only to and from sports events, but to St. Thomas dances and Villanova mixers . . . and to the resource center.

Our junior year was one of participation. Every varsity team felt the impact of our athletic ability, an undeniably deciding factor in each victory that was brought home. Our active part in the charities drives and the candy sale boosted totals to record heights, which we will probably surpass next year. Well-represented academically, we made strong honors showings each term, and our artistic talents were continually on display throughout Radnor. In the spring we held elections to fill the vacancies of departing seniors, confidently selecting the best from our class to lead us.

But now the end nears, and in a few short months we will be seniors at last. With our experience and our potential, we need only to develop a spirit of class unity to guarantee a successful and memorable final year at Radnor.

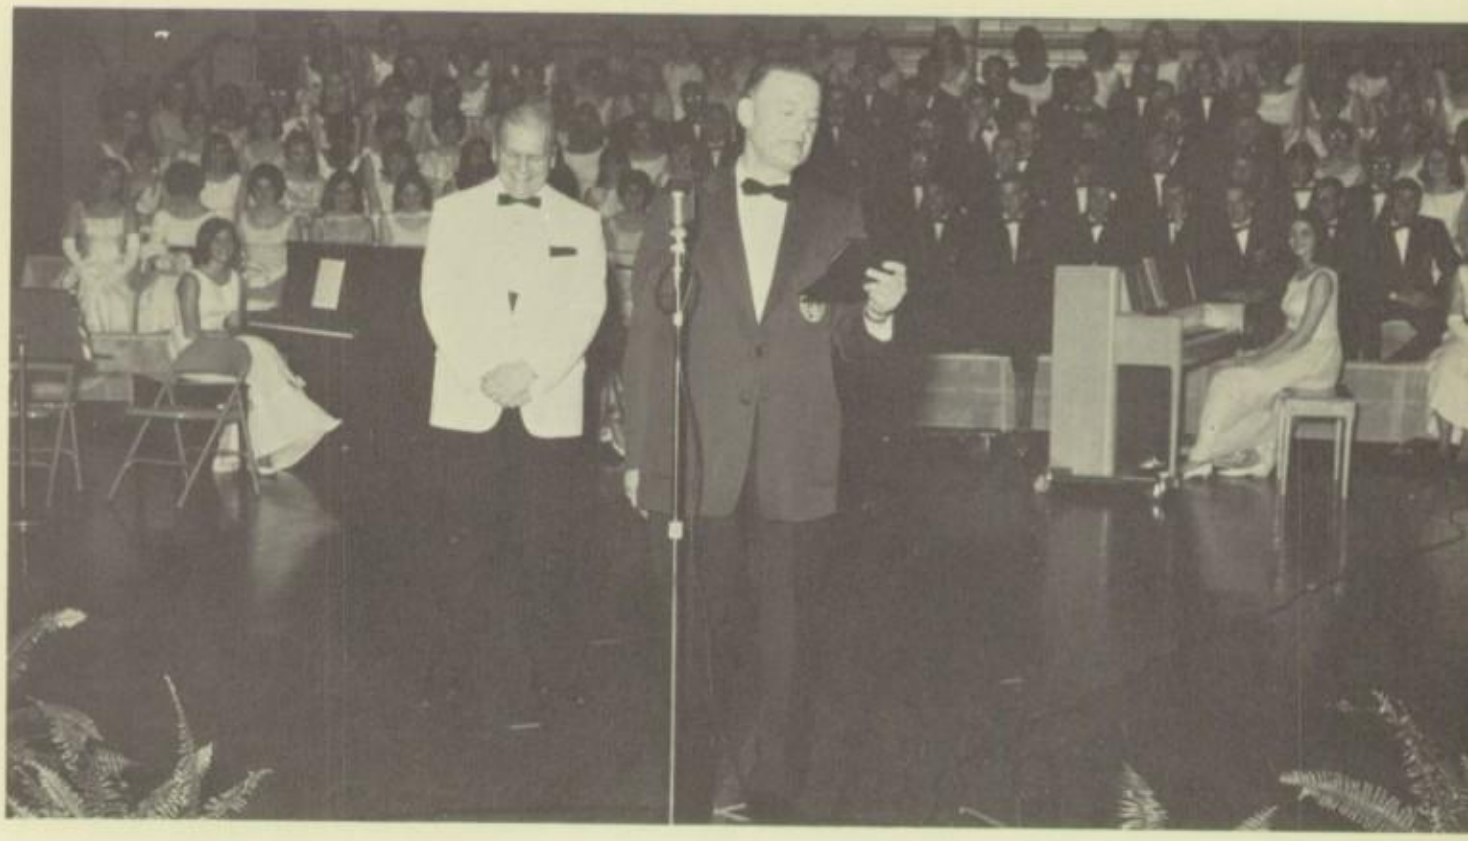
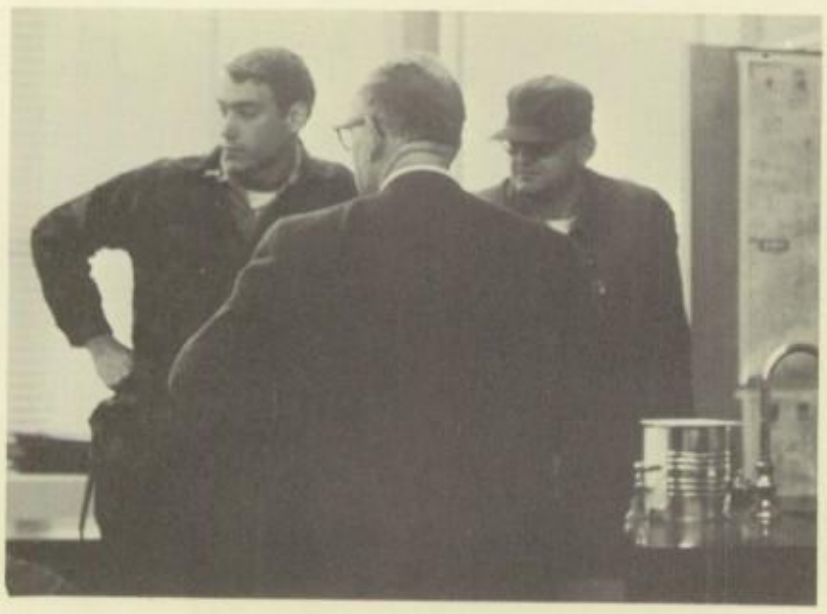
" . . . When Student Days are Past . . . "

Rosemont, Wayne, and Rowland all become one, and we become Radnorites . . . those first bewildered days in the labyrinthian quadrangle . . . the mass confusion of changing classes . . . sectional loyalties and spontaneous friendships . . . daily serenades by the fire company . . . trapped in the locker room crush . . . "What time does the 4:20 bus come?" . . . gathered skirts in Home Ec . . . being measured for gym suits . . . Miss Tongue's intrepid search for her kleenex . . . the honor roll . . . school dances — "excess body gyrations" . . . detentions in the Little Theater . . . gradual learning and growth, then our first step up . . .

After a year's experience we felt more confident . . . going up Wayne after school . . . the halfcuts and the hoods . . . eating Lick-M-Aid by the handfuls . . . I.D. bracelets and three-day romances . . . the girls' gym after lunch . . . Choraleers . . . the advent of conversational French . . . Student Council campaigns . . . the numbing Cuban Crisis . . . another step up . . .





Dauntless "seniors," we ruled the school . . . guerrilla warfare with water pistols . . . WIBG dances . . . the rise of the Beatles . . . Fitz's white socks assembly . . . elephant jokes . . . daily adventures with Mr. Lenker . . . Choraleers and Mrs. Keehn . . . "Where's Charlie?" . . . lollipops and Mr. Ferguson . . . the beep line . . . signing spirit tags . . . our first yearbook . . . orientation to the Senior High . . . the ninth grade party . . . a national tragedy . . . we bravely took a big step forward . . .

Now we once again were little people in a huge maze . . . exhaustive searches for non-existent rooms . . . our first encounter with the computer . . . no more sections, a lot more friends . . . starvation pangs while waiting for "C" lunch . . . peddling stationery . . . gym inspections and real showers . . . biology trips and Mr. James . . . Mrs. Pusey . . . visits to the Art Museum . . . "B" bell schedule . . . pierced ears . . . Christmas in the commons . . . "Light the Spark of Victory" . . . the Radnor Raider . . . cheerleading tryouts and limping aspirants . . . Bill Wiley's invisible friend . . . "Casino" . . . somehow we survived, and were ready to mount the fourth step . . .

Our class unity strengthened as friendships grew throughout our junior year . . . "Come Alive in '65!" . . . our long awaited rings . . . the silent cheer . . . College Boards that really count . . . those all-important conferences . . . Cinderella license . . . sandals and shifts . . . the music festival for Mr. Teel . . . struggling with chemistry . . . *Up the Down Staircase* . . . First Aid . . . the Batman rage . . . "Arsenic and Old Lace" . . . 5,728 books for Viet Nam . . . Mr. Finnegan . . . the rise and fall of Hush Day . . . Student Council elections . . . computer dance . . . "Mardi Gras" and the duck . . . initiating the traditional Gymboree — the Pink Panthers . . . our class picnic at Valley Forge . . . pictures for the Yearbook . . . Barb Shelley . . . up we stepped with slow deliberation . . .

Reaching the unreachable, we found ourselves seniors . . . in the "Footsteps of Giants" . . . the paint party and caravan . . . watching it all on TV . . . "Sock it to 'em!" . . . an impressive color guard . . . the Tijuana fever . . . the closing rally of our magazine sale . . . "Uncle Joe" . . . and his dream pets . . . Monday morning chaos in the auditorium . . . senior privileges? . . . special days for bikes, sweatshirts, and being comfortable . . . teachers for a day . . . a new nine-period schedule . . . the blizzard on Christmas Eve . . . winning the Rotary Tournament . . . "The '67 class shall reign" . . . riots at A-lunch . . . "Only one in a stall" . . . college decisions . . . "Dear Ruth" . . . "Where are we having the Prom this year?" . . . the all-night party . . . signing yearbooks . . . endless rehearsals in caps and gowns . . . and then the final step — graduation . . .

"The memory dear, of by-gone year, we'll cherish to the last . . ."

I, Sue Adair, leave Dennis a madras shirt to match his madras slacks, and a paisley print tie to Mr. Wayne Miller.
I, Jack Aiken, leave my class cutting ability to my successor, Brad Neal.
I, Lowry Allen, leave my right fullback position on the soccer team to some deserving junior.
I, Jim Anderson, leave my gym locker to my brother in 180-A.
I, Paul Antonini, leave all the hours of homework to my sister, Susan.
I, Bob Asher, leave my worn-out soccer uniform to my successor, Jed.
I, Susie Aucker, leave my straight hair to any unfortunate person with curly hair.
I, Jo Ann Balaban, leave any extra straws to the cashier.
I, Sue Balen, leave Radnor, but carry gratefully with me all those wonderful memories of three unforgettable high school years.
I, Nancy Ballard, leave next year's Yearbook Editor a smile . . .
I, Jeff Barger, leave a year's supply of Half-and-Half pipe tobacco to Mr. Smith.
I, Linda Barger, leave my car supply to my sister, Elaine.
I, Linda Barone, leave the Semi-quavers' pitch pipe to Anne Uzzell.
I, Pat Barr, leave Mr. Kocher one book of jokes for classroom use.
I, Jeremy Beardsley, leave my locker to the expert safecracker who can figure out the combination which I have so diligently changed.
I, Janie Beck, leave my black cheering scarf to Pat Calvarese.
I, Susie Beerits, leave my earrings to Miss Encke.
I, Amy Bertalott, leave a forever lasting brownie smile to Amy Greene.
I, Barb Bianco, leave my four year old insulated lunch bag to my cousin, Cathi DiAddezzio.
I, Al Bien, leave my rhythm kazoo to some deserving junior.
I, Ken Borie, leave someone a bag of woodchips.
I, Walt Bosler, leave my Austin-Healey to anybody that will tow it away.
I, John Boyle, willingly leave all the yelling the coaches do at football practice to the boys who go out next summer.
I, Don Breimhurst, leave my school problems, such as getting up on time, to the next class.
I, Lynn Brooke, leave my parking place to anyone who is always late.
I, Jim Brooks, hereby leave my track shoes to Mr. Ellis Kocher and Mr. Siemons for them to have bronzed, so they may hang them in their rooms, and think of the chemical elements and demand involved in their existence.
I, Ward Brown, leave my gym locker to anyone who can stand the smell.
I, Maya Brutten, leave my unused news articles to the "Radnorite" dead file.
I, Steve Burns, leave a ticket to the reservoir to some lowly underclassman.
I, Sharon Butts, leave Biology II with no regrets.
I, Lea Cabeen, leave a plastic butter spreader to anyone desiring to purchase rolls in the cafeteria.
I, Sue Campbell, leave my horsey smell to Diane Gardner, who rides with me.
I, Chuck Candelora, leave Miss Knudsen in Ohio.
I, Connie Carroll, leave my sliding shoes to Mr. Balk, so that he may have better baseball seasons.
